retiring justice David Souter The fact that there had never been a nominee to the nation's highest court from the nation's fastest growing minority had long been apparent So the time was ripe but how did it come to be Sonia Sotomayor In *Breaking In: The Rise of Sonia Sotomayor and the Politics of Justice* the veteran journalist Joan Biskupic answers that question This is the story of how two forces providentially merged the large ambitions of a talented Puerto Rican girl raised in the projects in the Bronx and the increasing political presence of Hispanics from California to Texas from Florida to the Northeast resulting in a historical appointment And this is not just a tale about breaking barriers as a Puerto Rican It's about breaking barriers as a justice Biskupic the author of highly praised judicial biographies of Justice Antonin Scalia and Justice Sandra Day O'Connor now pulls back the curtain on the Supreme Court nomination process revealing the networks Sotomayor built and the skills she cultivated to go where no Hispanic has gone before We see other potential candidates edged out along the way And we see how in challenging tradition and expanding our idea of a justice as well as expanding her public persona Sotomayor has created tension within and without the court's marble halls As a Supreme Court justice Sotomayor has shared her personal story to an unprecedented degree And that story of a Latina who emerged from tough times in the projects not only to prevail but also to rise to the top has even become fabric for some of her most passionate comments on matters before the Court But there is yet more to know about the rise of Sonia Sotomayor *Breaking In* offers the larger untold story of the woman who has been called the people's justice
