Power of Personality Eric Gee, 2024-04-16 Conformity is the new black there is safety in numbers so what happens when individuals come into conflict with the shoe values they ve been forced to wear from an early age They will either submit to the pressure and lose sight of themselves or fight like hell and be socially excommunicated Too often personality distinctions are disowned and labeled as weakness or we default to accepting surface differences in the name of diversity If we truly want to coexist with one another we must learn that even our most sacred values deviate from person to person and it s that diversity that makes humanity strong The Power of Personality demystifies the sixteen different personality types by teaching the reader how to identify and appreciate their own unique type and that of others By re examining previously held assumptions on personality birth order cultural stereotypes extroversion vs introversion type A personalities and debunking clarifying them the reader will be able to understand a person deeper than that person understands themselves Considering the existential threat of our current fractured sociopolitical climate tearing itself from within this skill is not a luxury it s a necessity This is how our species survives 16 easy to remember animal archetypes All the fun of zodiac signs and all the empiricism of Joseph Campbell It s for romantics and pragmatists An instant conversation centerpiece that everyone can relate to its ideas were even featured on an episode of Apple TV s Mythic Quest The Power of Personality is the best kind of non fiction book one whose subject matter will appeal to all readers because its subject matter is the reader A step by step guide on how to personality type Most books consist of a simplistic often inaccurate test followed by descriptions and prescriptions But a treatment can be damaging if the diagnosis is wrong The Power of Personality is unique in that it trains you to be the test No more arbitrary questions No more mistyping No more damage A personal voice that places the reader squarely in the front seat for a breezy fresh intellectual joyride that uses humor and pop culture in tandem with the author s twenty plus years of experience in education and life coaching The Power of Personality is groundbreaking in that it will not only change the way readers see the world but will empower them to reexamine their relationships within it Gone will be the daze of social disconnect and miscommunication This book is a must read a harbinger of a Youtopia where regardless of whether people are shoes purses hats or polka dot cardigans everyone is seen heard and accepted for who they truly are

 Say Out Loud is a collection of humorous essays touching upon a wide variety of interesting and timely topics including what
 the hell is wrong with Florida And also France Ha ha Those places are great as too are talking heads lobbing guano at one
 another on cable news As illustrated by a worried world frantically fretting over dramatic decline in civilized discourse and
 accompanying end to governance and plumbing as shown most recently by Wolf Blitzer sucker punching Tucker Carlson
 behind the buffet table at the White House Correspondents Association dinner A brouhaha that ended with every Democratic
 presidential hopeful holding a handful of hair from the head of at least one Fox News anchor Not to worry however given that
 crass divisiveness and coarse discourse bear a direct relationship to the unimportance of the subject under discussion an
 important discovery to be known henceforth as the principle of reverse hyperbole Laughs aplenty from these and other such
 wry observations are promised in this page turning volume albeit one that comes with a warning against consumption of
