change In these pages she meticulously documents how elitism and racial prejudice has driven the narrative of feminist discourse She blends pop culture primary historical research and first hand storytelling to show us how we have shut women out of the movement and what we can do to change things for a new generation Combining a scholar s understanding with hard data and razor sharp cultural commentary *White Feminism* is a witty intelligent and profoundly eye opening book that will challenge long accepted conventions and completely upend the way we understand the struggle for women s equality
