Rescuing Virgins: A Guide To Virgin Islands Sports Collectibles Enrique Corneiro, 2018-02-02 *Rescuing Virgins: A Guide to Virgin Islands Sports Collectibles* tells the stories of 100 Virgin Islands athletes that have gone on to play professional sports at the highest levels. Sports categories include baseball, basketball, football, boxing, horse racing, volleyball, mixed martial arts, sailing, skiing, motor sports and Olympics. **An Athlete's Guide to Agents, Fifth Edition**, *Principles and Practice of Sport Management* Lisa Pike Masteralexis, Carol A. Barr, Mary A. Hums, 2005 This textbook describes the skill sets needed by the professional sports manager and surveys the various subdisciplines within the sports management field. The 21 chapters discuss financial and legal principles, high school and collegiate sports, facility and event management, broadcasting and the health and fitness industry. The second edition. *When Nothing Else Matters* Michael Leahy, 2012-12-11 As one of the greatest most celebrated athletes in history, Michael Jordan conquered professional basketball as no one before. Powered by a potent mix of charisma, near superhuman abilities and a ferocious drive to dominate the game, he achieved every award and accolade conceivable before retiring from the Chicago Bulls and taking an executive post with the Washington Wizards. But retirement didn't suit the man who was once king, and at the advanced age of thirty-eight, Michael Jordan decided it was time to reclaim the court that was once his. *WHEN NOTHING ELSE MATTERS* is the definitive account of Jordan's equally spectacular and disastrous return to basketball. Having closely followed Jordan's final two seasons, Michael Leahy draws a fascinating portrait of an intensely complex man hampered by injuries and assaulted by younger players eager to usurp his throne. In this enthralling book, Jordan emerges as an ambitious at times deeply unattractive character with unsurprisingly a monstrous ego. *WHEN NOTHING ELSE MATTERS* is an absorbing portrait not only of one athlete's overriding ambition but also of a society so in thrall to its sports stars that it is blind to all their faults. *Sports, Media, and Society* Kevin Hull, 2024-03-26 Whether espoused by sports leagues, teams or individual athletes, social issues are part of the sporting world fabric. The sports media often plays the gatekeeper, deciding how messages are presented and to what extent they're covered. If at all. *Sports Media and Society* investigates the impact of societal issues in sports and how the media reports those stories. Why does the sports media operate in the manner that it does and what's the impact of its decisions on the audience? With *Sports Media and Society* there is now a resource that combines mainstay class discussion points, current case studies and theoretical and historical foundations in one comprehensive text. The book's 34 chapters are each short and concise, a format preferred by instructors covering a wide range of topics and easily digestible for students. Part I covers sports media history and the media's role as gatekeeper. Chapters explore the history and evolution of various media: newspapers, magazines, radio, television and social media, and the business of and competition between sports media entities. Case studies examine NBC's

Olympics coverage and the nimbleness of Sports Illustrated in the digital space Part II showcases television's impact on how fans follow sports Discussions include ABC's Wide World of Sports which exposed viewers to events around the globe ESPN's foray into 24/7 sports coverage and Fox Sports shocking NFL deal which marked a new era in media rights negotiations and sports broadcasting technologies The intersection of sports and social issues is the focus of part III Numerous issues are addressed punctuated by case studies involving key players and events related to each topic Cases concerning Colin Kaepernick USWNT and coverage of women's sports generally LGBTQ issues and obstacles faced by women working in sports media are highlights while examinations of social identity theory and framing provide context on how people identify with specific groups and how the media influences opinions Athletes and sport entities are constantly in the news not always in a positive light Part IV addresses crisis management and communication featuring case studies about Tiger Woods Lance Armstrong LeBron James The Decision Kobe Bryant his death and the misreporting of facts surrounding it and the Houston Astros sign stealing scandal The text concludes with part V which explores emerging trends in sports media and society Through social media virtually anyone can become a thought leader wresting control from traditional outlets and teams and athletes can dialogue directly with fans effectively sidelining sports journalists Chapters on the formerly taboo subjects of athlete mental health and sports wagering as well as the exploding popularity of esports round out the text Sports shape our culture in numerous ways and the sports media plays a transformative role in how it occurs Sports Media and Society prepares tomorrow's sports journalists and communicators to venture beyond the how-tos of developing content to understanding the whys behind it
