Hockey Sucks: Let's Fix It Michael Munro,2017-10-10 The game of hockey has drastically changed over the past two decades and not for the better Gone are the days of goal scorers stick handlers tough guys and passers When they left so did the excitement and the unexpected Now it is a game played by drones in exactly the same fashion by every team Former hockey reporter Michael Munro examines the impact manufactured hockey players are having on the National Hockey League and its feeder systems In this Western based critique Munro explains how the NHL ended up eliminating goal scorers and entertainers with a series of rule changes and management decisions And it is a discussion of how Canada lost its role as the dominant hockey nation and started developing only supporting players and not lead actors An honest and sometimes disturbing 250 page essay that is a must read for anyone

who loves hockey and wants to see it become a global success Congressional Record United States. Congress,1999
