Public petitions and early day motions. Great Britain: Parliament: House of Commons: Procedure Committee, 2007-05-22. Public Petitions and Early Day Motions (EDMs) are both processes that are used by Members of Parliament to bring to the attention of the House of Commons the concerns of particular groups of the population. EDMs are frequently drafted by groups or organizations outside the House and then tabled by Members as demonstrations of support for them. Both procedures allow the public to engage with Parliament either directly by signing a Petition or indirectly by urging their Member of Parliament to add his or her name to an EDM. This report examines the current procedures that govern them, whether they are appropriate and effective, and how well they meet

the demands which Members wish to make of them For Public Petitions the Committee recommends a requirement on the Government to respond formally to all petitions within two months of their presentation publication of the texts of petitions and responses to them in Hansard easier access to petitions on the parliamentary website and opportunities for debates on petitions in Westminster Hall For Early Day Motions the Committee recommends the continuation of the present arrangements for the printing of EDMs but there should be further consideration of e tabling and that the Modernisation Committee should consider the introduction of a separate procedure to allow substantive motions tabled by backbenchers to be debated

The French Betrayal of America Kenneth R. Timmerman, 2005-03-22 Can we trust France Apparently not After more than 200 years of shared history and interests the U S France marriage looks as if it s ending in an acrimonious divorce Here is the shocking insider account In the wake of French behavior at the United Nations where Foreign Minister Dominique de Villepin systematically undermined the efforts of Secretary of State Colin Powell to convince the Security Council to authorize force against Iraq Americans have at best come to suspect our ally of double dealing and at worst come to view them as the enemy Almost daily over the past year new stories have emerged of how the government of French President Jacques Chirac has sought to undermine the U S war on terror publicly sniping at America and inciting other countries to do the same What s wrong with

France What's behind their recent perfidy According to bestselling author Kenneth R Timmerman the American public doesn't know half the story After they read *The French Betrayal of America* American anger at France will turn to outrage Timmerman who worked as a journalist in France for eighteen years and knows the players on both sides lifts the veil of Jacques Chirac's scandalous love affair with Saddam Hussein beginning in 1975 when he took him on a tour of top secret French nuclear facilities The French attitude toward the dictator which seemed to baffle American politicians was in fact entirely predictable Put bluntly it was all about money oil and guns Chirac needed Saddam's oil and Saddam's money and Saddam needed French weapons and French nuclear technology Despite this the relationship between France and America was not only amicable but at times very mutually beneficial That was until the most recent war on Iraq where France turned the tables engaging in dirty diplomacy and helping to sway other European countries to their side French war coverage was not merely one-sided It was viciously inaccurate skewed and openly anti American Timmerman also presents incredible new evidence of France's duplicity including the fact that the French stood to gain 100 billion from secret oil contracts they had concluded with Saddam Hussein *The French Betrayal of America* raises questions of whether the nuclear cooperation agreements still in force with the French today should be canceled in light of France's behavior Our security interests no longer converge and our economic systems increasingly appear to be at loggerheads The war in Iraq harshly exposed French treachery and their desire to do business with the worst of international tyrants putting their economy their international standing and their relationship with a 200 year old friend in severe jeopardy
