Reverse Your Diabetes in 12 Weeks George King M.D.,Royce Flippin,2016-10-21 A groundbreaking program to avoid control and even reverse diabetes through diet and exercise The research of Dr George King chief scientific officer of Harvard Medical School s Joslin Diabetes Center is widely recognized in the medical community as the gold standard In Reverse Your Diabetes in 12 Weeks previously published in

hardcover as *The Diabetes Reset* Dr King transforms the center's cutting edge research including the discovery of brown fat and how it enhances the effects of the body's own insulin into a program of eight proven strategies. Foremost is diet but the real surprise is that the diet that actually works a modified rural Asian diet derives 70% of its calories from carbohydrates. Dr King disentangles the myths and confusion surrounding carbohydrates, fats, protein, and fiber and shows why not all carbs are bad and why sugar is not the root of all evil. Losing weight is also key but in a very doable way significant changes happen with a 5 to 7% reduction of body weight. He emphasizes the importance of exercise; it increases the muscles' glucose absorbing ability and gives an easy to follow program of aerobic and strength exercises. And he shows why diabetics especially need those seven hours of sleep a night; chronic lack of sleep causes insulin resistance. A twelve week plan shows how to put all of it into action to take charge of blood glucose levels and significantly improve your health. **FCC Record**
