The Green New Deal and the Future of Work Craig Calhoun, Benjamin Y. Fong, 2022-08-30

Catastrophic climate change overshadows the present and the future. Wrenching economic transformations have devastated workers and hollowed out communities. However, those fighting for jobs and those fighting for the planet have often been at odds. Does the world face two separate crises: environmental and economic? The promise of the Green New Deal is to tackle the threat of climate change through the empowerment of working people and the strengthening of

democracy In this view the crisis of nature and the crisis of work must be addressed together or they will not be addressed at all This book brings together leading experts to explore the possibilities of the Green New Deal emphasizing the future of work Together they examine transformations that are already underway and put forth bold new proposals that can provide jobs while reducing carbon consumption building a world that is sustainable both economically and ecologically Contributors also debate urgent questions What is the value of a federal jobs program or even a jobs guarantee How do we alleviate the miseries and precarity of work In key economic sectors including energy transportation housing agriculture and care work what kind of work is needed today How does the New Deal provide guidance in addressing these questions and how can a Green New Deal revive democracy Above all this book shows the Green New Deal offers hope for a better tomorrow but only if it accounts for work s past transformations and shapes its future
