Over In The Forest Come And Take A Peek:

Over in the Forest Marianne Berkes, 2012-03-01 Learning becomes fun for kids with this counting book about the forest habitat. Amazing artwork will inspire children in classrooms and at home to appreciate the world around us. Follow the tracks of ten woodland animals but uh oh watch out for the skunk. Children learn the ways of forest animals to the rhythm of *Over in the Meadow* as they leap like a squirrel, dunk like a raccoon and pounce like a fox. They will also count the babies and search for ten hidden forest animals. Cut paper illustrations add to the fun in this delightful introduction to a woodland habitat. Once again Marianne Berkes makes learning fun. Kids will hide, graze and pounce as they imitate and count the animals. Like *Over in Australia*, the cut paper illustrations will inspire many an art project. Plus Marianne provides tons of ideas for activities and curriculum extensions about forest animals, literature and writing. Teachers and parents as well as kids are the winners with these books. Backmatter includes further information about the forest and the animals in the book. Music and song lyrics to *Over in the Forest* sung to the tune of *Over in the Meadow*.

Over in the Forest Marianne Collins Berkes, 2012 A counting book in rhyme presents various forest animals and their offspring from a mother beaver and her little kit, one to a father red fox and his little kits, ten. Includes related facts and activities.

Just One Look Lindsay Cameron, 2022-04-12 A young woman's escalating obsession with a seemingly perfect man leads her down a dangerous path in this delicious and marvelously controlled *The New York Times* Book Review novel of suspense. Bitingly modern and totally addictive, Lindsay Cameron's suspense debut is the freshest take on stalker fiction since *You*. Andrea Bartz, *New York Times* bestselling author of *We Were Never Here*, NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SHE READS. Eyes aren't the windows to the soul. Emails are. Cassie Woodson is adrift. After suffering an epic tumble down the corporate ladder, Cassie finds the only way she can pay her bills is to take a thankless temp job reviewing correspondence for a large scale fraud suit. The daily drudgery amplifies all that her life is lacking: love, friends, stability, and leaves her with too much time on her hands which she spends fixating on the mistakes that brought her to this point. While sorting through a relentless deluge of emails, something catches her eye: the tender and totally private exchanges between a partner at the firm, Forest Watts, and his enchanting wife, Annabelle. Cassie knows she shouldn't read them. But it's just one look. And once that door opens, she finds she can't look away. Every day, twenty floors below Forest's corner office, Cassie dissects their emails from her dingy workstation. A few clicks of her mouse and she can see every adoring word they write to each other. By peeking into their apparently perfect life, Cassie finds renewed purpose and happiness, reveling in their penchant for vintage wines, morning juice presses, and lavish dinner parties thrown in their stately Westchester home. There are no secrets from her. Or so she thinks. Her admiration quickly escalates into all-out mimicry because she wants this life more than anything. Maybe if she plays make-believe long enough, it will become real for her. But when Cassie orchestrates a chance meeting with Forest in the real world and sees something that throws the state of his marriage into question, the fantasy she's been carefully cultivating shatters. Suddenly, she doesn't
