Gluten-free and sugar-free recipes 80 low-carb recipes that help fight celiac disease, diabetes and weight loss, 2024-04-05 I am not sensitive to gluten as my previous books attest However neither am I immune to the dietary challenges brought about by the passionate consumption of products made with wheat as anyone who has seen me also knows There was a time when I was lean and mean and then I opened a bakery and began a love affair with bread products of all types Back in 1971 when I was twenty one I participated in a communally operated vegetarian restaurant in Boston in which no white flour white sugar or white rice was permitted to cross the threshold I read everything I could find on nutrition and various popular food philosophies of the time such as macrobiotics raw foods and sprouts wheat grass therapy food combining and juicing I even met Jack LaLanne one of my personal fitness heroes For three years I ate only organically grown food and unrefined whole grains and all of my childhood allergies and food sensitivities seemed to fade away At five feet six inches I weighed a lithe 136 pounds and felt great At the end of those three years we sold the restaurant and everyone moved on and in the next phase of my journey I once again became an omnivore Even as my weight gradually increased I maintained excellent health which I attributed to those three dynamic years of immersion in a healthful lifestyle By the time my wife Susan and I opened our own restaurant and bakery in

1986 I weighed 155 pounds and had become stocky When we sold the business seven years later I was up to 165 pounds and would have been heavier were it not for the daily physically intense work of baking thousands of loaves of bread which helped me burn off a lot of calories As soon as I stepped out of daily production and transitioned into teaching at culinary schools and writing books I started gaining more weight and quickly The accumulated effects of tasting glorious white flour breads of all types along with access to the handiwork of fabulous chefs and restaurants to which I lost all ability to say no caused my weight to balloon to over 200 pounds Searching for the perfect pizza as I researched my book American Pie didn't help either but I sure was having fun Fortunately I never stopped working out so even though I was to put it bluntly fat it was firm fat marbled with muscle Nonetheless it was cause for concern especially that most pernicious of fats belly fat So recently with Susan's encouragement I decided it was time to get serious about losing weight I had already met Denene Wallace a few years earlier at a private tasting of some of her gluten free products and was impressed with how good they were Gluten sensitivity is a subject I had been tracking since 1991 shortly after my first book Brother Juniper's Bread Book came out Around that time Loree Starr Brown who had been a regular customer at Brother Juniper's Bakery came in one day with a box of homemade breads and muffins based on the recipes in my book but all made with rice flour instead of wheat flour They were delicious Loree proceeded to educate me about celiac disease a medical condition that nearly killed her before it was finally diagnosed and treated by removing all traces of gluten from her diet *Baking / Oven Low Carb Recipes* Lisa Shea, 2014-01-13 Baking has been a traditional way of making food for thousands of years These 28 recipes will get you started on the path of developing your own rich array of delicious healthy baking recipes The recipes work fine both in the traditional large kitchen stove as well as in the energy efficient countertop toaster oven versions Whatever works for your lifestyle you can select from a variety of snacks main dishes and desserts to maintain your low carb low sugar lifestyle Start your afternoon out with delicious stuffed mushrooms as an appetizer For dinner choose from a light quiche a comfort food meatloaf or an elegant garlic chicken Dessert comes in a variety of forms from apple pie to cheesecake from pecan meal cookies to pumpkin seeds In addition to the recipes all of my low carb books provide appendices which explain how to successfully manage a low carb diet Let me know if you have any questions I frequently update all my low carb books based on your recommendations [Everyday Keto Baking](#) Erica Kerwien, 2019-07-30 Have your cake and stay keto too With Everyday Keto Baking there's no need to deprive yourself of the breads muffins and other treats you love Instead learn to make keto friendly low carb high fat versions of your favorite baked goods using real food ingredients This is the only keto baking book you'll ever need Inside you'll find more than 80 recipes specifically geared to the keto diet Most recipes rely on coconut flour and almond flour two of the most popular alternative flours on the market Coconut flour is an all natural flour made only from coconut contains no gluten and no grain and is low in digestible carbs and high in fiber making it a favorite among keto gluten free grain free nut free and low glycemic lifestyles Its pure slightly sweet taste is subtle enough that even

coconut haters won't be able to detect it and it lends itself perfectly to baked goods creating results far superior to many other healthy treats. Alongside other healthy ingredients like eggs and low carb sweeteners the recipes in this book have been carefully created to not only taste delicious but also help you meet your macros your target ratio of protein fat and carbs on keto. Enjoy all the special treats you once thought were off limits such as Fluffy Pancakes Cheesy Bagels Garlic Cauliflower Breadsticks Chocolate Zucchini Bread Cinnamon Streusel Cake Strawberry Rhubarb Cobbler Chocolate Chip Cookies Red Velvet Cupcakes Cheesecake Brownies Spinach Feta Quiche. Everyday Keto Baking gives you limitless options for enjoying baked goods without guilt. The only thing you need to worry about now is keeping them away from everyone else. Publisher's Note: Everyday Keto Baking is a revised and adapted version of the original book *The Healthy Coconut Flour Cookbook*.
