Russia Today and Conspiracy Theories Ilya Yablokov, Precious N Chatterje-Doody, 2021-06-08. The Russian international media outlet Russia Today (RT) has been widely accused in the Western world of producing government propaganda and conspiracy theories. This book explores for the first time the role that conspiracy theories actually play in the network's broadcasts. More than this, it provides the first ever study of how the Russian government engages with conspiracy theories in the international arena, with a particular focus on the use of conspiracy theories as an instrument of public diplomacy. RT was established in 2005 to represent Russia to the world and to present a Russian perspective on global events. Whilst some of RT's more overtly conspiratorial output has been taken off the air, the network remains a source of significant concern for governments and intelligence agencies in Europe and North America. Now more than ever, policymakers, journalists, academics, and intelligence services alike seek to understand the role RT plays in the Russian government's foreign policy agenda. The authors use RT as a case study to investigate how global communication technologies influence the

development and dissemination of conspiracy theories which are also an important component of the post Soviet Russian intellectual landscape and Kremlin sponsored political discourse This book will appeal to students and scholars of Politics and International Relations Russian Studies and Conspiracy Theories YouTube: The Ultimate Guide to Creating, Growing, and Understanding the Platform Navneet Singh, Chapter 1 Introduction to YouTube History and Evolution How YouTube began its growth and its acquisition by Google Impact on Society Discuss YouTube s cultural influence its role in entertainment education and social movements The Power of Video Why video content is so engaging and why YouTube has become the world s second largest search engine Chapter 2 Getting Started on YouTube Creating an Account and Setting Up a Channel A step by step guide for beginners Choosing Your Niche How to find a focus for your channel Content Creation Tools What equipment software and apps you ll need to get started camera microphone editing software Chapter 3 Building a Brand on YouTube Branding Your Channel Creating a unique identity logo banner etc The Art of the YouTube Name Picking a channel name that resonates with your audience Developing a Consistent Theme Visual and content style to engage your target audience Chapter 4 The Content Creation Process Planning Your Videos From brainstorming ideas to creating a content calendar Scripting vs Improvisation How to approach the video creation process Filming Tips How to shoot high quality video on a budget Editing for Impact Introduction to video editing techniques and tools to make your videos stand out Chapter 5 YouTube SEO and Optimization Understanding the YouTube Algorithm How YouTube suggests videos and ranks them Optimizing Titles Tags and Descriptions How to craft the best metadata for your videos Thumbnails and Captions Best practices to get more clicks Engaging Your Audience Using calls to action and engaging with comments Chapter 6 Growing Your Channel Building a Community How to interact with viewers and foster loyalty Consistency and Scheduling Why consistency matters and how to stay on track with uploads Collaboration How working with other creators can expand your reach Using Social Media to Promote Your Videos Leveraging other platforms like Instagram Twitter and Facebook to grow your YouTube presence Chapter 7 Monetizing Your Channel YouTube Partner Program Requirements and how to earn money through ads Brand Deals and Sponsorships How to approach brands and negotiate deals Merchandising How to sell products or merchandise to your audience Other Revenue Streams Donations crowdfunding like Patreon affiliate marketing and more Chapter 8 Understanding YouTube Analytics The YouTube Analytics Dashboard Breaking down the key metrics you need to monitor How to Interpret Data Understanding watch time traffic sources audience demographics and more Using Analytics to Grow How to adjust your strategy based on performance data Chapter 9 Challenges and Pitfalls of YouTube Burnout and Mental Health The pressure of maintaining a channel and its effects Dealing with Negative Comments and Trolls How to maintain a positive mindset YouTube s Rules and Community Guidelines What can get your channel demonetized or banned Chapter 10 The Future of YouTube Trends and Predictions Where is YouTube headed in the next 5 to 10 years Emerging Technologies The role of VR AR and AI in shaping content creation YouTube vs Other Platforms How YouTube will continue
