White Feminism Koa Beck, 2021-01-07 Koa Beck writes with passion and insight about the knotted history of racism within women's movements and feminist culture past and present. Curious, rigorous, and ultimately generous, *White Feminism* is a pleasure and an education. Rebecca Traister, New York Times bestselling author of *Good and Mad*, Intellectually smart and emotionally intelligent, Beck brilliantly articulates how feminism has failed women of colour and non-binary people. She illuminates the broad landscapes of systemic oppression and demands that white feminism evolve lest it continue to be as oppressive as the patriarchy. Patrisse Khan Cullors, cofounder of Black Lives Matter, author of *When They Call You a Terrorist*, and joint recipient of the Sydney Peace Prize, don't judge this book by its cover. Koa Beck knows that feminism includes all women and girls by definition and is writing to overcome anti-feminist divisions that divide and defeat us. Gloria Steinem: A timely and impassioned exploration of how our society has commodified feminism and continues to systemically shut out women of colour. Join the important conversation about race, empowerment, and inclusion with this powerful new feminist classic and rousing call for change. Koa Beck, writer and former editor in chief of *Jezebel*, boldly examines the history of feminism from the true mission of the suffragettes to the rise of corporate feminism with clear-eyed scrutiny and meticulous detail. She also examines overlooked communities including Native American, Muslim, transgender, and more, and their difficult and ongoing struggles for social change. In these pages, she meticulously documents how elitism and racial prejudice have driven the narrative of feminist discourse. She blends pop

She's too shy even to talk in front of Torolf, the young man she secretly dreams of. Then the Norse god of eloquence appears in Astrid's dreams and forces her to drink the Mead of Poetry. Suddenly she's compelled to tell her stories in public. Even in front of Torolf, Astrid is meant to use these stories to guide her people from starvation in Greenland to a better future in Markland, a place legends claim is the abode of dragons. But not all of her fierce and independent people are willing to follow a mere girl, even the chieftain's daughter, especially when she counsels peace. Some have other plans for the new land and want to use Astrid and her gift as a tool. The Inventive Young Man Who Loves Her. Torolf never dreamed that quiet Astrid could choose him. Now he's stranded in Iceland as she sails in the opposite direction. To attain the promise of a future with Astrid, he'll have to attempt the impossible: sailing alone across the North Atlantic. Together they might defy the plans the gods have made for them and change the fate of more than just their own people. Rights of the Child, Mothers and Sentencing Alice Macharia, 2021-02-22 This book draws international attention to the autonomy of the child accompanying incarcerated mothers and those they leave behind in the community despite being dependent on the convicted caregiver Adopting a child rights perspective the study explores how courts could go about sentencing mothers of young children for the commission of criminal offences whilst protecting the rights of the child as envisaged under the United Nations Convention on the Rights of the Child UNCRC Drawing on the author's experience as a sentencer in the Kenyan court and with reference to domestic regional and international law the book argues that children's rights are presently left in abeyance when their mothers are sentenced to imprisonment and that greater efforts should be made to recognize and give effect to the child's existence as an autonomous equal holder of human rights despite being dependent on the convicted caregiver It explores the application of precedence as well as the court's discretion in view of the dependent child and concludes that policy reform in this respect calls for change in attitude and approach on women and children's issues Observing that internationally most women imprisoned with their children fall beneath the custodial threshold set by law the research examines how current sentencing practices could be reformed and suggests harnessing the Power of Mercy Committee the Sentencing Guidelines and progressive practices from developed countries in protecting the child's rights by imposing non custodial sentences for the offending mothers It is concluded that in all jurisdictions strict accountability for the dependent child should be situated with the judiciary and that the same should be pronounced as a mandatory legal requirement The book will be a valuable resource for academic researchers and policy makers working in the area of international children's rights law and criminal law
