The Road to Nowhere Matt Patrick, 2016-05-18 In the 2016 spring semester the Patrick Tannenhause Hernandez Sophomore team embarked upon a journey A journey to discover what drives people to move Focusing on U S Latin American immigration during the twentieth and twenty first centuries students were exposed to an array of perspectives and policies Combining Spanish and Humanities language and culture preconceptions were challenged and minds opened Forming groups students selected a Latin American country and attempted to get inside the minds of those affected by immigration Often victims of more powerful forces the immigrant s story is rarely told Through works of historical fiction students revealed why immigrants leave their homeland what they experience on their journey and how their life is altered once in the U S Language Intervention for School-Age Students Geraldine P. Wallach, 2007-09-25 Language Intervention for School Age Students is your working manual for helping children with language learning disabilities LLD gain the tools they need to succeed in school Going beyond the common approach to language disorders in school age populations this innovative resource supplements a theoretical understanding of language intervention with a wealth of practical application strategies you can use to improve learning outcomes for children and adolescents with LLD Well referenced discussions with real life examples promote evidence based practice Case histories and treatment strategies help you better understand student challenges and develop reliable methods to help them achieve their learning goals Unique application based focus combines the conceptual and practical frameworks to better help students achieve academic success Questions in each chapter encourage critical analysis of intervention methods for a deeper understanding of the beliefs behind them In depth coverage of controversial topics challenges your understanding and debunks common myths Realistic examples and case studies help you bridge theory to practice and apply intervention principles Margin notes highlight important facts questions and vocabulary for quick reference Key Questions in each chapter put concepts into an appropriate context and help you focus on essential content Summary Statement and Introductory Thoughts sections provide succinct overviews of chapter content for quick familiarization with complex topics **The Link** ,2004 **The Power of Middle School** Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and

increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students
