Scanlan,Vincent J. Dalbo,2019-11-18 Despite being one of the most popular sports worldwide basketball has received limited research attention compared to other team sports Establishing a strong evidence base with high quality and impactful research is essential in enhancing decision making processes to optimize player performance for basketball professionals Consequently the book entitled Improving Performance and Practice in

Basketball provides a collection of novel research studies to increase the available evidence on various topics with strong translation to practice in basketball. The book includes work by 40 researchers from 16 institutions or professional organizations from 9 countries. In keeping with notable topics in basketball research, the book contains 2 reviews focused on monitoring strategies to detect player fatigue and considerations for travel in National Basketball Association players. In addition, 8 applied studies are also included in the book, focused on workload monitoring, game-related statistics, and the measurement of physical and skill attributes in basketball players. This book also has a strong focus on increasing the evidence available for female basketball players who have traditionally been underrepresented in the literature. The outcomes generated from this book should provide new insights to inform practice in many areas for professionals working in various roles with basketball teams.

Compendium of Professional Basketball Robert Bradley, 1999 **Spaced Out** Mike Prada, 2022-11-01

A hands-on illuminating deconstruction of NBA basketball tracing the tactical evolution of the modern game. As the NBA celebrates and surpasses 75 years of existence, today's game looks nothing like it did in generations past when Bill Russell, Wilt Chamberlain, and Kareem Abdul Jabbar took turns ruling the league. But it's also entirely different from a decade even half a decade ago. Today's stars enter the league with more versatility and fluidity than ever before, and they need it to handle the strategies, philosophies, schemes, skill sets, movement patterns, and measures of basketball intelligence that simply didn't exist in the past. *Spaced Out* tells the story of what professional basketball looks like right now and how it got here. Taking a court-level view, Mike Prada breaks down high-level play to elucidate the athleticism, strategy, and skill demonstrated on a nightly basis while shining a light on the historical forces that have dramatically altered the shape of the game and the role of its superstars. Topics covered include the explosion of three-point shooting, the rise and fall and rise again of zone defense, the impact of tighter enforcement of perimeter contact rules, and other pivotal factors impacting the pro game. From X's and O's to keen historic analysis, this definitive volume will reveal the intricacies of a beautiful game for savvy fans, players, and coaches alike.

Good to Go Christie Aschwanden, 2019-02-05

A New York Times Sports and Fitness Bestseller. The definitive tour through a bewildering jungle of claims that compose a multibillion-dollar recovery industry. David Epstein, best-selling author of *The Sports Gene*, acclaimed science journalist Christie Aschwanden takes readers on an entertaining and enlightening tour through the latest science on sports and fitness recovery. She investigates claims about sports drinks, chocolate milk, and recovery beer; examines the latest recovery trends; and even tests some for herself, including cryotherapy, foam rolling, and Tom Brady-endorsed infrared pajamas. *Good to Go* seeks an answer to the question: Do any of these things actually help the body recover and achieve peak performance?

We Are America, We Are Americans Matt Teahan, 2022-05-11

We Are America, We Are Americans By Matt Teahan. A journey through life at least part of it and the lessons learned, and in a rare instance taught. In this quasi-autobiography, I answer the confounding questions of our day through a riveting for some people journey of all topics relevant. Is the United States of America really a Christian Nation?

Where has this Country's corporate leadership gone Why would anyone waste an entire adolescence refining their basketball jump shot Why has the moral compass in Professional Sports disappeared into the abyss of political wokeness Why do we need to ban plastic straws and not water bottles particularly if Climate Change is going to kill us all in 9 years anyway How do we pay reparations for people of mixed race How can chicken sandwiches galvanize and legitimize the LGBT community What did I share with the Pope at the sacred site of Fatima What's it going to take to get millennials off Twitter out of Mom's basement and into Church Why is systemic ignorance a far greater threat to this country than anything else systemic I'll introduce a toxic blend of fact fiction criticism sarcasm reality inquiry and humor into the topics of the day And I'll blend my shallow yet relevant life experiences into the mix where it's almost impossible to tell the difference You may get bored You might not You may or may not like my viewpoints You might not even like me But you won't be the first nor the last I think however everyone will find something here they can relate to Whether it's basketball friends God politics a career or the social issues of the day there's something for everybody Even for those who rarely open a book like today's College students For them I've included pictures See Something for everybody And although some of my viewpoints you may frown upon you will appreciate the humor anecdotes multiple geography lessons ridicule sarcasm and blatant hypocrisy that I'll expose on any number of topics All shrouded in the novel concept called common sense And if you don't like to read about those types of things then don't buy the book Get it at the library I started this book on July 4th 2020 And I did it for a reason
