Critical Code Studies Mark C. Marino, 2020-03-10 An argument that we must read code for more than what it does we must consider what it means Computer source code has become part of popular discourse Code is read not only by programmers but by lawyers artists pundits reporters political activists and literary scholars it is used in political debate works of art popular entertainment and historical accounts In this book Mark Marino argues that code means more than merely what it does we must also consider what it means We need to learn to read code critically Marino presents a series of case studies ranging from the Climategate scandal to a hactivist art project on the US Mexico border as lessons in critical code reading Marino shows how in the process of its circulation the meaning of code changes beyond its functional role to include connotations and implications opening it up to interpretation and inference and misinterpretation and reappropriation The Climategate controversy for example stemmed from a misreading of a bit of placeholder code as a smoking gun that supposedly proved fabrication of climate data A poetry generator created by Nick Montfort was remixed and reimagined by other poets and subject to literary interpretation Each case study begins by presenting a small and self contained passage of code by coders as disparate as programming pioneer Grace Hopper and philosopher Friedrich Kittler and an accessible explanation of its context and functioning Marino then explores its extra functional significance demonstrating a variety of interpretive approaches

The Dark Social Tojia Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies [Get More Fans: The DIY Guide to the New Music Business](#) Jesse Cannon, Todd Thomas, 2012-11-25 How Do I Promote My Music

At First Spite Olivia Dade, 2024-02-20 One of the most romantic books I ve ever read ROSIE DANAN bestselling author of The Roommate There s a fine line between love and hate When Athena s fianc ends their engagement she has no choice but to move into the Spite House she recklessly bought him as a wedding gift Which is a real problem for many reasons the house is only ten feet wide Her ex s home is literally attached to hers And Dr Matthew Vine the Freaking Third the uptight judgy jerk who convinced his younger brother to leave her is living on her other side only a four foot alley away If she has to see Matthew every time she looks out her windows she might as well have a little fun with the situation By say playing erotic audiobooks at top volume with those windows open Unfortunately loathing Matthew proves more difficult than anticipated He helps her move He listens And he s kind of hot Matthew may not regret breaking up his brother s engagement but he does regret what it s done to Athena And now he ll help her however he can If that means enduring nightly steamy story hours so be it And if that means watching Athena through their windows a bit too often and caring about her a bit too much well nothing can come of it She ll never forgive him Even if she did how could he ever tell his younger brother that he wants the very same woman he pushed him to leave Why fans love Olivia Dade Charming witty and heartfelt KYLIE SCOTT Olivia Dade never fails to make me laugh blush and feel like I m being wrapped in a warm blanket Cannot recommend enough KATEE ROBERT

Gehl,2025 Move Slowly and Build Bridges tells the story of activists software developers artists and everyday people who have built the fediverse a large noncentralized alternative social media system In contrast to big tech corporations like Meta TikTok or X the fediverse is comprised of thousands of small independent communities who use a powerful internet protocol to communicate with one another These small communities can govern themselves and moderate content at the human scale in stark contrast to the global and advertiser friendly interests of Meta or X The Mastodon network is perhaps the most notable and successful platform in the fediverse Founded in 2016 Mastodon has positioned itself as an alternative to Twitter one that can be completely under the control of its members from it to its daily operations to it underlying software Making a noncentralized ethically run social media system is no easy task The people building the fediverse have faced burnout bigotry angry debates and death threats And they face constant nagging doubts can we really do this Can noncentralized social media survive Can we all of us have our own social media In this thoroughly researched book Robert W Gehl argues that the answer is yes but it won t be easy

We Used to Live Here Marcus Kliewer,2024-06-18 From an author destined to become a titan of the macabre and unsettling Erin A Craig 1 New York Times bestselling author a haunting debut soon to be a Netflix original movie about two homeowners whose lives are turned upside down when the house s previous residents unexpectedly visit As a young queer couple who flip houses Charlie and Eve can t believe the killer deal they ve just gotten on an old house in a picturesque neighborhood As they re working in the house one day there s a knock on the door A man stands there with his family

claiming to have lived there years before and asking if it would be alright if he showed his kids around People pleaser to a fault Eve lets them in As soon as the strangers enter their home inexplicable things start happening including the family s youngest child going missing and a ghostly presence materializing in the basement Even more weird the family can t seem to take the hint that their visit should be over And when Charlie suddenly vanishes Eve slowly loses her grip on reality Something is terribly wrong with the house and with the visiting family or is Eve just imagining things This unputdownable and spine tingling novel is like quicksand the further you delve into its pages the more immobilized you become by a spiral of terror We Used to Live Here will haunt you even after you have finished it Agustina Bazterrica author of Tender Is the Flesh
