Reddit In The Us Tutorial:

Understanding Reddit Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit s communities this book provides a uniquely comprehensive overview of the platform s first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology

Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In *Gaming Democracy* Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism *Communication Technology Update and Fundamentals* August E. Grant, Jennifer Meadows, 2020-06-04 *Communication Technology Update and Fundamentals* now in its 17th edition has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what's in store for the future The book covers the fundamentals of communication technology in five chapters that explain the communication technology ecosystem its history theories structure and regulations Each chapter is written by experts who each provide a snapshot of an individual field The book also dives into the latest developments in electronic mass media computers consumer electronics networking and telephony Together these updates provide a broad overview of these industries and examine the role communication technologies play in our everyday lives In addition to substantial updates to each chapter the 17th edition includes the first ever chapter on Artificial Intelligence updated user data in every chapter an overview of industry structure including recent and proposed mergers and acquisitions and sidebars exploring sustainability and relevance of each technology to Gen Z *Communication Technology Update and Fundamentals* continues to be the industry leading resource for both students and professionals seeking to understand how communication technologies have developed and where they are headed *The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us* Joe
