New Testament Scholarship: Paraphrase on John Desiderius Erasmus, Robert Dick Sider, Jane Ellen Phillips, 1991-05 Erasmus yearned to make the Bible an effective instrument in the reform of society church and the life of individuals in the turbulent world the sixteenth century He therefore composed paraphrases in which the words of Holy Scripture provided the core of a text vastly expanded to embrace the reforming philosophy of Christ The Paraphrases were successful beyond expectation and were quickly translated from Latin into French German English and other languages This volume is the third Paraphrase to be published in the New Testament Scholarship series in the CWE In it Erasmus explores questions that have always been central to Christian self understanding Why is the cross folly to the wise of this world In the Paraphrase on John Erasmus hints broadly that the cause of human blindness lies in the arrogance of intellectual pretensions the love of vain glory the lust for possessions the fear of losing the supports that secure a comfortable way of life Perhaps nothing will please the reader more the portraits of the chief characters in John s Gospels We enjoy the simplicity of the lowly woman at the well we understand the complexity of the distinguished Nicodemus Above all we are captured by the portrait of Christ himself Upon the stage Erasmus has here designed Christ appears first in the humility of a lowly artisan from a despised country only to the discerning does his glory flash forth from his mortality a mortality vividly etched in the scene on the cross But in the last pages of the Paraphrase on John Erasmus sets before us in sharp dramatic contrast the resurrected Christ glorious with a radiant holiness Like Augustine in the City of God Erasmus attempts to define the relationship between the two worlds in which the Christian lives the heavenly and the spiritual and the earthly and physical Volume 46 of the Collected Works of Erasmus series
