Welcome to Wally World Stephen Newman,C. Newman,2008-04 Welcome to Wally World is a journal of one man s two years in retail management at Wal mart Stores Inc The journal chronicles his personal experiences working with the mega retailer and exposes the good bad and sometimes the ugly side of the retail business giant in a humorous and whimsical way There is no book like this that gives you a detailed look into to the day to day operations at such a grassroots level If you loved the outrageous and situational comedy of Laura Weisberger s The Devil Wears Prada with the heart felt realism of Barbara Ehrenreich s Nickel and Dimed you ll love Welcome to Wally World Written in a journal format each day tells a different story with familiar themes While each day ends another adventure always seems to be just around the corner Each story stands on its own as a mixture of humor anecdotes and some seriousness Readers will laugh at the hilarious and sometimes insane behind the scenes antics If shoppers only knew the story behind the scenes and now they do Welcome to Wally World represents a real grassroots effort to capture experiences emotions and goings on inside the world s largest retailer A number of books may have been written from the corporate perspective but this work focuses on the people behind the power those hardworking clerks and managers who actually move the products and stock the shelves to achieve those sales and gross profits Having spent nearly two years involved with the detailed experiences depicted in the book I feel uniquely qualified to bring these stories and anecdotes to the public eye Mixed with humor seriousness and irony Welcome to Wally World is a personal journey of my professional life with the company The take away from my experiences with Wal mart led me to the writing style you ll find in the book No personal names are used What is important is that these events portrayed would happen regardless of the individuals involved The implication is that people are simply cogs in the corporate machine Each day via diary format illustrates my belief that the journey was like a series of crazy wild and unpredictable movies or sub journeys all rolled into one brief career Each day at work stood on its own

Protecting Our Kids? Emily Horowitz, 2015-04-21 This thought provoking work raises important questions about sex offender laws drawing from personal stories research and data to prove the policies promote fear destroy lives and fail to protect children Do sex offender laws protect children or are they inherently unfair practices that at their worst promote vigilante justice The latter this book

argues By analyzing the social political historical and cultural context surrounding the emergence of current sex offender policies and laws the work shows how sex offenders have come to loom as greater than life monsters when in many cases that is not true at all Looking at its subject from a fresh viewpoint the book shares research and new analyses of data and qualitative evidence to show how sex offender laws are not only ineffective but engender destructive fear and anxiety To help readers understand the impact of these laws the author presents interviews with sex offenders and their families as they describe the day to day reality of living on the sex offender registry Citing research and statistics the book challenges the idea that sex offenders must be continually monitored and publicly identified because they are incurably predatory Most important the study shows that undue sex offender panic is preventing policymakers from addressing the true threats to children poverty and growing inequality

Horror Master James W. Cook, 2016-05-20 We live in a scary world and we hear about it every night on the news Yet it is perhaps the stories that dont make the news that are the most horrific the stories that remain in the dark never to be unveiled These haunting occurrences often end in blood and torment but youll never hear about them unless they happen to you In Horror Master author James Cook brings together twenty stories of pure terror Meet the new town sheriff who has to deal with a local mans dead body found in the lake and the possibility of a horned beast Find out what happens when you lie to a madman and witness a doctor who performs sadistic treatments on criminal patients There is an underground prison and a small town torn by trauma Theres a crazy gunman who needs to be taken down and ask yourself what could possibly go wrong with the circus in town Find in this collection stories that will shock you into a state of pure panic and paranoia Close the pages and realize it could all happen to you
