Fizzle Norman Gerard, 2009-12-21 Fizzle is a compilation a journal if you will of events and snippets from my experience in the film industry for over forty years There was no place to log the bumpy ride that led to the demise of the American Independent film movement an industry that once sizzled You might say this book is about the Fizzle of the Sizzle It is wishful thinking on my behalf to believe this book will explain how the sharks got away with fleecing filmmakers and why they will continue to do so Indie filmmakers unlike the dinosaurs will reinvent themselves The hope is that this journal might save a few schmucks who are as naive as I was when I made my first two films The nightmare is that it might attract a new generation of scumbags who can learn how to screw filmmakers Both scenarios will undoubtedly play out To paraphrase Shaw in my sole disclaimer I often quote myself in order to spice things up a bit Norman Gerards tome is full of sound and fury Hes got an impassioned viewpoint about why it all went wrong The time has come for someone to offer a bruising critique to speak truths about the indie world that the media has largely either chosen to ignore or missed while they fell in love with the colorful young characters and the so called spirit of American indie cinema Gerard would argue that spirit is more like a disease that the so called honesty of the American indie film movement masked essential business deceptions that would inevitably lead to the current disastrous landscape Prepare for a rollicking ride through good times and bad high art and low lifes auteurs and con artists Gerard has them all in the pages of this book If there were any money left for indie film productions it might make a great film and it clearly won t be a studio backed picture Its got corrosive honesty hard hitting political implications sleazy characters no major star would want to play all topped off by a downbeat ending Theres one word for the spirit of this tome Its truly INDEPENDENT Steven Gaydos Variety Executive Editor Crazy Is a

2030 Mauro F. Guillén, 2025-09-23 AN INTERNATIONAL BESTSELLER Wall Street Journal Bestseller A Porchlight Book Bestseller Financial Times Best Books of 2020 Yahoo Finance Favorite Business Books of 2020 JP Morgan NextList 2021 selection Bold provocative illuminates why we're having fewer babies the middle class is stagnating unemployment is shifting and new powers are rising ADAM GRANT The world is changing drastically before our eyes will you be prepared for what comes next A groundbreaking analysis from one of the world's foremost experts on global trends including analysis on how COVID 19 will amplify and accelerate each of these changes Once upon a time the world was neatly divided into prosperous and backward economies Babies were plentiful workers outnumbered retirees and people aspiring towards the middle class yearned to own homes and cars Companies didn't need to see any further than Europe and the United States to do well Printed money was legal tender for all debts public and private We grew up learning how to play the game and we expected the rules to remain the same as we took our first job started a family saw our children grow up and went into retirement with our finances secure That world and those rules are over By 2030 a new reality will take hold and before you know it There will be more grandparents than grandchildren The middle class in Asia and Sub-Saharan Africa will outnumber the US and Europe combined The global economy will be driven by the non-Western consumer for the first time in modern history There will be more global wealth owned by women than men There will be more robots than workers There will be more computers than human brains There will be more currencies than countries All these trends currently underway will converge in the year 2030 and change everything you know about culture the economy and the world According to Mauro F. Guillén the only way to truly understand the global transformations underway and their impacts is to think laterally That is using peripheral vision or approaching problems creatively and from unorthodox points of view Rather than focusing on a single trend climate change or the rise of illiberal regimes for example Guillén encourages us to consider the dynamic interplay between a range of forces that will converge on a single tipping point 2030 that will be for better or worse the point of no return 2030 is both a remarkable guide to the coming changes and an exercise in the power of lateral thinking thereby revolutionizing the way you think about cataclysmic change and its consequences Marketing Strategy Jenna Tiffany, 2021-05-03 WINNER The BookFest Spring Book Awards 2022 Marketing category WINNER Business Book Awards 2022 Sales Marketing category Tasked with creating marketing strategy This book is for you Learn about the most useful tools and models dodge common mistakes and optimize your marketing strategy success with this practical and adaptable framework from award-winning thought leader Jenna Tiffany Create an effective marketing strategy for your business with Marketing Strategy which offers a clear easy-to-follow overview of why strategy is important how to create it how to implement it and crucially how to measure its success Packed with global examples and case studies the book opens by discussing the role strategy plays in any organization's long-term vision It also discusses the key models and frameworks that can be used to analyze the marketing environment and offers information on segmentation targeting and positioning Importantly it will outline some of the key

challenges likely to crop up and gives pre-emptive tools for avoiding them. Marketing Strategy is highly practical in approach. Chapters are supported by short tasks to complete throughout to cement the reader's understanding of the concepts discussed. Put together, these tasks create an easy-to-follow step-by-step framework for creating a marketing strategy. The framework is adaptable and can be applied to any industry or business. Marketing Strategy also includes input from leading marketing strategists including Mark Ritson and organizations such as Mailchimp, the CIM and DMA. *19 Tips for Successful Public Relations*, *Popular Science*, 2005-01. For the first 70 years of television, broadcasters dictated the terms of the viewing experience, deciding not only when but how much of a program an audience could watch. Binge watching destroyed that model by placing control of the experience in the hands of the viewer. In this book, media scholar Emil Steiner chronicles the technological and cultural struggle between broadcasters and viewers which reached a climax in the early 2010s with the emergence of streaming video platforms. Through extensive interviews and archival research, this groundbreaking project traces the history of binge watching from its idiot box roots to the new normal of Peak TV. Along the way, Steiner exposes the news campaigns waged by disruptive technology companies that exploited a long-simmering revolutionary narrative of viewer empowerment to take over the broadcast industry. Binge watching, an individual's act of gaining control and losing control through the remote control, exposed a debate that had been raging since the first TV set was turned on: one that asks, Who controls the story?
