Tax Policy Options for a United Germany International Monetary Fund, 1990-10-01 A central requirement in the rapid movement of German Democratic Republic GDR toward a market economy is the introduction of a market oriented tax system The paper highlights the main features of the traditional socialist tax structure of the GDR and the current tax structure of the Federal Republic of Germany FRG Arguments for an adequate short term tax reform in the GDR are developed in two scenarios contrasting the approach of taking over the FRG tax system adoption scenario and an autonomous tax reform in the GDR reform scenario Both scenarios recommend a flexible adjustment approach which anticipates the medium term development of the German tax system pursuant to domestic reform requirements international tax harmonization and fiscal federalism

Comparing Fiscal Federalism Alice Valdesalici, Francesco Palermo, 2018-02-27 Comparing Fiscal Federalism investigates intergovernmental financial relations and the current de jure and de facto allocation of financial and fiscal powers in compound states from a comparative and interdisciplinary perspective The volume combines theoretical approaches with case studies and involves scholars from various disciplines in order to provide a comprehensive analysis of different approaches developments and trends This includes outlining fiscal federalism s basic principles and overall frameworks investigating current constitutional legislative settings and how financial systems function as well as zooming in on a selection of emerging issues in financial and fiscal relations The single chapters are based on comparative investigations under the umbrella of a broad definition of fiscal federalism that includes all varieties of federal systems

Debt-Equity Composition of International Investment International Monetary Fund, 1988-01-01 Capital flows to the nonindustrial countries share three striking characteristics First the bulk of these flows was in the form of debt not equity second the loans were mostly to or guaranteed by debtor governments and third these debts were largely bank loans not bonds This paper examines the economic factors that may have been responsible

Taxation and the Cost of Capital in Hungary and Poland International Monetary Fund, 1990-12-01 This paper compares the effective rates of taxation

faced by a representative investor located in a major capital exporting country for investments in machinery and buildings in nine capital importing European countries Poland and Hungary are found to have relatively high effective tax rates on equity financed investment The analysis suggests that both countries would benefit from streamlining capital cost recovery allowances and possibly lowering statutory corporate tax rates as permitted by the revenue constraint rather than providing tax preferences for foreign investors **The Taxation of Financial Assets** Mr. John R. King, Mr. Vito Tanzi, 1995-05-01

Taxes affect the degree and efficiency of financial intermediation in many different ways This paper summarizes the main tax provisions in OECD countries that affect the overall tax wedge between pre tax returns on investments and the post tax yield on the savings that finance them This tax wedge is shown to vary widely in individual countries according to the different ways in which savings are channeled through financial markets The paper then discusses alternative criteria for assessing tax regimes for financial assets and summarizes recent trends in OECD countries **Gewinnverkürzung und**

Ochsenkühn, Simone Ochsenkühn, 2005 *Taxation of Petroleum Products* Mrs. Poonam Gupta, Mr. Walter Mahler, 1994-03-01 The domestic taxation of petroleum products is an important source of revenue in most countries However there is a wide variation of tax rates on petroleum products across countries which cannot be explained by economic theory alone This paper surveys different considerations advanced for taxing petroleum and presents petroleum tax rate data in 120 countries It concludes that a significant reduction in the present extremely wide variation in petroleum prices and tax rates appears warranted **International Spillovers of Taxation** International Monetary Fund, 1989-05-11 This paper highlights key

issues pertinent for the understanding of international effects of domestic tax policies and of international tax harmonization The analytical framework adopts the saving investment balance approach to the analysis of international economic interdependence focusing on income consumption and international borrowing A simulation model is developed that is richer in structure than the two period analytical model The analytical and simulation frameworks are used to analyze the consequences of revenue neutral conversions between income and consumption VAT tax systems the international effects of budget deficits and public debt management and the effects of international tax harmonization We demonstrate that the effects of such changes in the structure of taxes depend critically on international differences in saving and investment propensities OECD Tax Policy Studies Taxation of Household Savings OECD, 2018-04-12 This report provides a detailed review of the taxation of household savings in 40 OECD and partner countries
