Being Modern in China Paul Willis, 2019-11-13 This book analyses modernity and tradition in China today and how they combine in striking ways in the Chinese school Paul Willis the leading ethnographer and author of *Learning to Labour* shows how China has undergone an internal migration not only of masses of workers but also of a mental and ideological kind to new cultural landscapes of meaning which include worship of the glorified city devotion to consumerism and fixation upon the smartphone and the internet Massive educational expansion has been a precondition for explosive economic growth and technical development but at the same time the school provides a cultural stage for personal and collective experience In its closed walls and the inescapability of its scores an astonishing drama plays out between the new and the old with a tapestry of intricate human meanings woven of small tragedies and triumphs secret promises and felt betrayals helping to produce not only exam results but cultural orientations and occupational destinies By exploring the cultural dimension of everyday experience as it is lived out in the school this book sheds new light on the enormous transformations that have swept through China and created the kind of society that it is today a society that is obsessed with the future and at the same time structured by and in continuous dialogue with its past

The Hurt Artist Shane Niemeyer, Gary Brozek, 2024-05-01 A gritty memoir chronicling one man's transformation from a homeless suicidal junkie inmate to a triathlete competing at the Ironman World Championship This harrowing journey from suicidal to successful offers everyone hope that change is possible and victory only comes when you refuse to give up or give in Tony La Russa With troubles beginning as early as childhood the trajectory of Shane Niemeyer's life seemed to have only one direction down His struggles with heroin addiction led him to jail and he eventually hit rock bottom Soon his two pack a day cigarette habit was the healthiest thing he did One dark night in jail his suicide attempt failed What happened next transcends the term recovery **The Hurt Artist** is the searing

yet luminous travelogue of Shane's powerful journey from suicidal addict to Ironman. He vividly depicts the landscape of pain in which he's lived his life, emotional and physical pain inflicted upon him and that he inflicts upon himself, pain that pulls him down and in detailing his training, the pain he harnesses to lift himself up. Ultimately, Shane's story is one of redemption and triumph, a lesson in the value of second chances and a clear reminder that nobody, regardless of how seemingly desperate their circumstances are, is beyond the reach of salvation. From inmate 71768 to Ironman Triathlon World Championship competitor 1419, Shane paints a stirring self-portrait in this hilarious, horrifying, and hopeful account that is sure to hook readers of edgy sports biographies. A riveting memoir that takes us on a raw, unedited life journey that includes the struggles of an addict trying to find peace and the joy and journey to every triathlete's promised land, Kona, Hawaii. Stone, 2015-11-24. *The Healing Power of Sugar* is the ninth book in *The Academy Ghost Bird Series*. It's been a week since Sang has attended any classes at Ashley Waters, and since then everything has changed. Her school schedule has been turned upside down, and now, thanks to her absences, the school counselor, Ms. Wright, has suspended her. The fear of school officials getting further involved and looking to contact her parents has Sang and the boys forced into their best behavior. It seems that the once perfect student, Sang Sorenson, is now one of the school's worst, and without explanation, because she needs to keep her lips tightly sealed. Academy secrets are becoming hazardous to keep. The more that Kota, Victor, Silas, Nathan, Gabriel, Luke, and North try to protect her, the more inevitable her downfall seems to be. They do their best to make sure Sang stays in school, and when she returns to classes, they try to help her get back on the straight and narrow. She can't afford to screw up anymore. But then fate deals out a setback that cripples the whole team, and they need to make a move; it turns into a risky one. There's no way to predict the outcome. If they fail, the boys may lose the job they were sent to do, and worse, they may even lose Sang. Everything gets more difficult when it's revealed there might be a traitor amidst the group. Desperate to fix things, Sang needs to stop the group from spilling secrets and find out the truth. And why all fingers seem to be pointing to Luke. *The Academy Magnanimous*.
