strategy behind branding with **How To Build Your Brand With Instagram Images** **Profit from Facebook Instagram Stories Marketing Ads** Hillary Scholl, 2018-07-07 Stories Marketing Ads I know how discouraging it can be to put your heart and efforts into a project or business only to feel like you've been left holding an empty bag. It can really make you want to throw in the towel but hang on. Don't give up on yourself or your business just yet. There are several things you can do to turn this situation around. If you're not setting and consistently meeting your business goals, something's got to give. You will need to identify where the breakdown is and fix it. Depending on which and how many goals are falling short of their marks, you may discover that you need to make multiple changes in a variety of areas. However, this doesn't mean you'll have to put in a lot of extra time and effort to achieve your goals. In fact, this is an opportune time to make the needed changes. I say this because now is your chance to implement a very beneficial marketing method: social media stories. Storytelling has always been popular, particularly when it comes to marketing. However, stories have emerged as an amazing strategy to use in conjunction with social media marketing. If you want to attract more business with social media stories, incorporate more visuals, interact with your target market, and meet your business goals, you're about to learn why audiences love social media stories. Visual stories excite, intrigue, and empower the viewer with choices. Whole stories can be consumed in seconds. Stories with hashtags are easy to find and access. Relevant stories make audiences feel more involved and important. Audiences like seeing the real you in real-life situations. Stories address their impulse wants as well as here-and-now needs. Stories can provide many highly visual forms of info within one story. Social media stories are still new in the big scheme of things. By adding these very visual stories now, you can still get early adoption benefits which include being one of the people in your niche who is on the ball with the latest marketing methods. If creating visual content makes you want to run for the hills, you're not alone. Producing videos can be scary, and creating images may seem out of your league, but they're not. This book will show you how to quickly attract more business with social media stories, incorporate more visuals, interact with your target market, and meet your business goals. Instagram Tama Leaver, Tim Highfield, Crystal Abidin, 2020-01-22 Instagram is at the heart of global digital culture, having made selfies, filters, and square frames an inescapable part of everyday life since it was launched in 2010. In the first book-length examination of Instagram, Tama Leaver, Tim Highfield, and Crystal Abidin trace how this quintessential mobile photography app has developed as a platform and a culture. They consider aspects such as the new visual social media aesthetics, the rise of influencers, and new visual economies, and the complex politics of the platform, as well as examining how Instagram's users change their use of the platform over time and respond to evolving features. The book highlights the different ways Instagram is used by subcultural groups around the world and how museums, restaurants, and public spaces are striving to be Insta-worthy. Far from just capturing milestones and moments, the authors argue that Instagram has altered the ways people communicate and share while also creating new approaches to marketing, advertising, politics, and the design of spaces and venues.
