The Savvy Guide to Fantasy Sports

Michael Harmon, Mike Harmon, 2005 Taking a fresh approach to fantasy sports this guide covers strategies and techniques both unique to specific sports and trends applicable to all sports while providing tips to help the casual player get the most out of every game

Beyond Prime Time Amanda Lotz, 2010-04-02 Beyond Prime Time brings together established television scholars writing new chapters in their areas of expertise that reconsider how programming forms other than prime time series have been affected by the wide ranging industrial changes instituted over the past twenty years The chapters explore the relationship between textual and industrial changes in particular forms such as news talk sports soap operas syndication children s programming made for television movies public broadcasting and local programming

College

Andrew Delbanco, 2023-04-18 The strengths and failures of the American college and why liberal education still matters As the commercialization of American higher education accelerates more and more students are coming to college with the narrow aim of obtaining a preprofessional credential The traditional four year college experience an exploratory time for students to discover their passions and test ideas and values with the help of teachers and peers is in danger of becoming a thing of the past In College prominent cultural critic Andrew Delbanco offers a trenchant defense of such an education and warns that it is becoming a privilege reserved for the relatively rich In describing what a true college education should be he demonstrates why making it available to as many young people as possible remains central to America s democratic promise In a brisk and vivid historical narrative Delbanco explains how the idea of college arose in the colonial period from the Puritan idea of the gathered church how it struggled to survive in the nineteenth century in the shadow of the new research universities and how in the twentieth century it slowly opened its doors to women minorities and students from low income families He describes the unique strengths of America s colleges in our era of globalization and while recognizing the growing centrality of science technology and vocational subjects in the curriculum he mounts a vigorous defense of a broadly humanistic education for all Acknowledging the serious financial intellectual and ethical challenges that all colleges face today Delbanco considers what is at stake in the urgent effort to protect these venerable institutions for future generations

Higher Education in the Global Age Daniel Araya, Peter Marber, 2013-11-20 Discussions on globalization now routinely

focus on the economic impact of developing countries in Asia Africa the Middle East the former Soviet Union and Latin America Only twenty five years ago many developing countries were largely closed societies Today the growing power of emerging markets is reordering the geopolitical landscape On a purchasing power parity basis emerging economies now constitute half of the world s economic activity Financial markets too are seeing growing integration Asia now accounts for 13 of world stock markets more than double that of just 15 years ago Given current trajectories most economists predict that China and India alone will account for half of global output by 2050 almost a complete return to their positions prior to the Industrial Revolution How is higher education shaping and being shaped by these massive tectonic shifts As education rises as a geopolitical priority it has converged with discussions on economic policy and a global labor market As part of the Routledge Studies in Emerging Societies series this edited collection focuses on the globalization of higher education particularly the increasing symbiosis between advanced and developing countries Bringing together senior scholars journalists and practitioners from around the world this collection explores the relatively new and changing higher education landscape

Limits to Stakeholder Influence Michael L. Barnett,2018 In business does it pay to be good Drawing from two decades of published conceptual and empirical scholarship this book outlines the mechanisms of the business case for corporate social responsibility and demonstrates the conditions that cause good corporate acts to succeed or fail in turning a profit Central to the explanation is the role of stakeholders who are portrayed as agents who can turn corporate good into gold but lack the capacity to do so consistently This book takes a critical perspective noting significant limits on the ability of stakeholders to reward good corporate behavior and rein in bad corporate acts It concludes with several ways that scholars can improve this important and popular research topic

Qualitätsentwicklung in der postgradualen Weiterbildung Werner Fröhlich, Educational Rankings Annual 2006 Westney,Lynn C. Hattendorf Westney,2005-09 Educational Rankings Annual is useful for students parents and school faculty Also administrators of libraries and educational institutions use rankings to defend budgets justify new positions obtain government funding and attract philanthropic support The annually updated resource presents more than 4 000 national regional and international lists and rankings compiled from hundreds of respected sources The entries in Rankings include a description of the ranking background information on criteria for establishing the hierarchy additional remarks about the ranking the complete or partial if extensive ranking and source citations if necessary

University Rankings Jung Cheol Shin,Robert K. Toutkoushian,Ulrich Teichler,2011-06-06 This ground breaking and exhaustive analysis of university ranking surveys scrutinizes their theoretical bases methodological issues societal impact and policy implications providing readers with a deep understanding of these controversial comparators The authors propose that university rankings are misused by policymakers and institutional leaders alike They assert that these interested parties overlook the highly problematic internal logic of ranking methodologies even as they obsess over the surveys assessment of their status The result is that institutions suffer from short termism realigning their

resources to maximize their relative rankings While rankings are widely used in policy and academic discussions this is the first book to explore the theoretical and methodological issues of ranking itself It is a welcome contribution to an often highly charged debate Far from showing how to manipulate the system this collection of work by key researchers aims to enlighten interested parties

The McDonaldization of Society George Ritzer, 2018-01-12 The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop The book that made McDonaldization part of the lexicon of contemporary sociological theory read by hundreds of thousands of students is now in its Ninth Edition George Ritzer's seminal work of critical sociology The McDonaldization of Society continues to stand as one of the pillars of modern day sociological thought Building on the argument that the fast food restaurant has become the model for the rationalization process today this book links theory to contemporary life in a globalized world and resonates with students in a way that few other books do Ritzer opens students eyes to many current issues and shows how McDonaldization's principles apply to other settings especially in the areas of consumption and globalization This new edition has been significantly reoriented to reflect our experience of McDonaldization in the world of online consumption New to this Edition Examines how retailers like Amazon represent a new era of datafication the transformation of vast amounts of information into quantifiable data Discusses how the digital world has almost unlimited potential to turn consumers into prosumers doing volunteer work formerly done by paid employees This edition is more streamlined than previous editions to sharpen its argument and message and make it more useable as a secondary reading in a wide range of courses

The Alcalde, 1999-01 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT's luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine's unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde

The College Completion Glass—Half-Full or Half-Empty? Tiffany Beth Mfume, 2018-12-21 Despite the Great Recession and looming student loan debt crisis college education remains the most proven invaluable lifetime investment and serves as the most reliable path to upward mobility and socioeconomic class reassignment Mfume suggests that the value added of even one year of college can be transformative As higher education professionals and partners continue to advocate for new and improved college retention and graduation measures The College Completion Glass Half Full or Half Empty Exploring the Value of Postsecondary Education presents a new paradigm for higher education one that focuses on the value added of postsecondary education as well as on student success beyond the traditional measure of college graduation rates a model which merges conventional practices and supports for students with non traditional partnerships with and advocacy from

successful non completers Choosing a College Norah Piehl,2012-04-06 More than ten compelling essays debate the issues surrounding choosing a college Readers will evaluate topics such as whether paid admission consultants are useful and whether students should consider taking a year off between high school and college Essay sources include the Philadelphia Inquirer Editorial Staff Natalia Maldonado Peter Vartanian and Julia Reischel *Research Handbook on University Rankings* Hazelkorn, Ellen,Mihut, Georgiana,2021-12-10 Gathering unique and thoughtful contributions from leading international scholars this timely Research Handbook offers diverse perspectives on university rankings twenty years after the first global rankings emerged It presents an in depth analysis that reflects the current state of research on rankings their influence and impact *Wirtschaftsstandort Deutschland* Stefan Empter,Robert B. Vehrkamp,2007-09-07 Der Wirtschaftsstandort Deutschland ist seit einigen Jahren im Gerede Abstieg eines Superstars und Ist Deutschland noch zu retten lauten einschl gige Buchtitel die den Tenor der ffentlichen Diskussion beherrschen Fraglich ist dabei ob derart pauschale Krisenszenarien und Schwarzmalereien einer differenzierten Betrachtung der Standortqualit ten Deutschlands Stand halten k nnen Dem Band geht es deshalb darum durch die Darstellung und Auswertung international anerkannter Rankings und Benchmarking Untersuchungen unterschiedlicher Aspekte der Standortqualit ten eines Landes ein differenziertes St rken Schw chen Profil des Wirtschaftsstandortes Deutschland im internationalen Vergleich vorzulegen und daraus eine politikfeldbezogene wirtschaftspolitische Agenda zur Sicherung und Verbesserung der Zukunftschancen Deutschlands im globalisierten Standortwettbewerb abzuleiten Untersucht werden dabei insbesondere die Bereiche Arbeitsmarkt und Besch ftigung Steuer und Sozialsystem Regulierung und B rokratie sowie Bildung und Forschung und Familie und Gesundheit Transformative Experiences in College Neal Christopherson,2020-11-24 Transformative Experiences in College Connections and Community explores the intersection of two concepts transformative experience in college and the communities in which students learn Emerging from a five year longitudinal interview study tracking a panel of 75 students through four years at a selective liberal arts college this book provides a rich depiction of how aspects of the college community and the relationships developed within that community create opportunities for transformative experiences that lead to personal and academic growth Neal Christopherson argues that transformative experiences in college are primarily the results of interactions with other people and with a broader campus community documenting the ways in which relationships with faculty experiences in courses interaction with peers and the general institutional environment can generate these experiences Christopherson also touches on extracurricular and co curricular activities the importance of a healthy environment for interacting with difference and how students transition out of the institution Scholars of education sociology and communication will find this book particularly useful **Barron's Guide to Graduate Business Schools** Eugene Miller,1995
