Facebook Nation Newton Lee, 2022-02-02 This book explores total information awareness empowered by social media At the FBI Citizens Academy in February 2021 I asked the FBI about the January 6 Capitol riot organized on social media that led to the unprecedented ban of a sitting U S President by all major social networks In March 2021 Facebook CEO Mark Zuckerberg Google CEO Sundar Pichai and Twitter CEO Jack Dorsey appeared before Congress to face criticism about their handling of misinformation and online extremism that culminated in the storming of Capitol Hill With more than three billion monthly active users Facebook family of apps is by far the world s largest social network Facebook as a nation is bigger than the top three most populous countries in the world China India and the United States Social media has enabled its users to inform and misinform the public to appease and disrupt Wall Street to mitigate and exacerbate the COVID 19 pandemic and to unite and divide a country Mark Zuckerberg once said We exist at the intersection of technology and social issues He should have heeded his own words In October 2021 former Facebook manager turned whistleblower Frances Haugen testified at the U S Senate that Facebook s products harm children stoke division and weaken our democracy This book offers discourse and practical advice on information and misinformation cybersecurity and privacy issues cryptocurrency and business intelligence social media marketing and caveats e government and e activism as well as the pros and cons of total information awareness including the Edward Snowden leaks Highly recommended T D Richardson Choice Magazine A great book for social media experts Will M AdWeek Parents in particular would be well advised to make this book compulsory reading for their teenage children David B Henderson ACM Computing Reviews

Focus On: 100 Most Popular
21st-century American Musicians Wikipedia contributors, **Video Nation** Jefferson Graham, 2013 All kinds of people are creating video for the web bloggers small business owners web show hosts and corporate marketing departments to name just a few How do the best videos get made and go viral What secrets lie behind them In Video Nation you ll learn everything you need to make great looking video for YouTube Facebook or your blog from one of the top experts around Cover **The Myth of Capitalism** Jonathan Tepper, 2023-04-25 The Myth of Capitalism tells the story of how America has gone from an open competitive marketplace to an economy where a few very powerful companies dominate key industries that affect our daily lives Digital monopolies like Google Facebook and Amazon act as gatekeepers to the digital world Amazon is capturing almost all online shopping dollars We have the illusion of choice but for most critical decisions we have only one or two companies when it comes to high speed Internet health insurance medical care mortgage title insurance social networks Internet searches or even consumer goods like toothpaste Every day the average American transfers a little of their pay check to monopolists and oligopolists The solution is vigorous anti trust enforcement to return America to a period where competition created higher economic growth more jobs higher wages and a level playing field for all The Myth of Capitalism is the story of industrial concentration but it matters to everyone because the stakes could not be higher It

tackles the big questions of why is the US becoming a more unequal society why is economic growth anemic despite trillions of dollars of federal debt and money printing why the number of start ups has declined and why are workers losing out

Music and Youth Culture in Latin America Pablo Vila,2014-10-01 Music and Youth Culture in Latin America examines the ways in which music is used to advance identity claims in several Latin American countries and among Latinos in the US Drawing on a vast array of fields including popular music studies ethnomusicology sociology and history it sheds new light on the complex ways in which music provides people from different countries and social sectors with both enjoyment and tools for understanding who they are in terms of nationality region race ethnicity class gender and migration status

Disinformation and Data Lockdown on Social Platforms Shawn Walker,Dan Mercea,Marco Bastos,2021-12-26 This book addresses the question of how researchers can conduct independent ethical research on mal mis and disinformation in a rapidly changing and hostile data environment The escalating issue of data access is thrown into sharp relief by the large scale use of bots trolls fake news and strategies of false amplification the effects of which are difficult to quantify due to a corporate environment favouring platform lockdowns and the restriction of access to Application Programming Interfaces APIs As social media platforms increase obstacles to independent scholarship by dramatically curbing access to APIs researchers are faced with the stark choice of either limiting their use of trace data or developing new methods of data collection Without a breakthrough social media research may go the way of search engine research in which only a small group of researchers who have direct relationships with search companies such as Google and Microsoft can access data and conduct research The chapters in this book were originally published as a special issue of the journal Information Communication Society

War for Your Worldview Timothy Wade Corder,2019-06-07 War for Your Worldview is based on the insights gained through twenty years of the author s intense investigative research Although a great deal has been written in recent years about globalism and the infamous New World Order much of it provides only scant evidence along with endless conjecture requiring readers to take giant leaps of faith This book however is different Corder disregards folklore and presents only the shocking incontrovertible evidence that proves the existence of the Deep State showcases the corruption that controls our news and entertainment media and exposes the elite cabal s insidious century long plot to undermine the founding principles of The United States of America Every citizen should be aware of the facts related to how our education system and our media sources have been hijacked to dumb down our population how the climate change narrative has been forced into our collective consciousness to guilt and shame us into bankruptcy and how our jobs and industries have been outsourced to destroy our economic well being Corder reviews the work of several credentialed whistle blowers who have blown the doors off of the covert operations intended to erode our values and ultimately topple our

civilization He also demonstrates how social engineers have used our most noble qualities against us in their effort to bring about our destruction The key players are identified by name and concrete examples are provided of their undeniably sinister intentions and egregious acts against our Republic Learn how divisive rhetoric and emotionally charged propaganda are presenting direct threats to our civil liberties and how blatant attacks on patriotism Christianity and the US Constitution are erasing our national identity Discover how deadly drugs mass immigration and socialist policies are all being promoted to weaken us as a nation to destroy our people by bringing chaos and disorder to our lives and our communities You won't get these explosive truths from the mainstream media or anywhere else There's a war being fought for our collective worldview The weaponry that's being employed against us is the manipulation of our minds The stakes are high The attacks are real The casualties are real Know how to fight back for freedom for liberty and for the way of life that we all cherish as Americans

Making the Internet Safe for Kids United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Oversight and Investigations, 2006 Parliamentary America Maxwell L. Stearns, 2024-03-05 This work identifies our two party comparatively non representative form of democracy as the main culprit of why American politics are so dysfunctional and shows us how to fix it *The Short Life and Curious Death of Free Speech in America* Ellis Cose, 2020-09-15 Named one of Newsweek's 25 Must Read Fall Fiction and Nonfiction Books to Escape the Chaos of 2020 The critically acclaimed journalist and bestselling author of *The Rage of a Privileged Class* explores one of the most essential rights in America free speech and reveals how it is crumbling under the combined weight of polarization technology money and systematized lying in this concise yet powerful and timely book Free speech has long been one of American's most revered freedoms Yet now more than ever free speech is reshaping America's social and political landscape even as it is coming under attack Bestselling author and critically acclaimed journalist Ellis Cose wades into the debate to reveal how this Constitutional right has been coopted by the wealthy and politically corrupt It is no coincidence that historically huge disparities in income have occurred at times when moneyed interests increasingly control political dialogue Over the past four years Donald Trump's accusations of fake news the free use of negative language against minority groups cancel culture and blatant xenophobia have caused Americans to question how far First Amendment protections can and should go Cose offers an eye opening wholly original examination of the state of free speech in America today litigating ideas that touch on every American's life Social media meant to bring us closer has become a widespread disseminator of false information keeping people of differing opinions and political parties at odds The nation and world watches in shock as white nationalism rises race and gender based violence spreads and voter suppression widens The problem Cose makes clear is that ordinary individuals have virtually no voice at all He looks at the danger of hyper partisanship and how the discriminatory structures that determine representation in the Senate and the electoral college threaten the very concept of democracy He argues that the safeguards built into the Constitution to protect free speech and democracy have instead become instruments of suppression by an

unfairly empowered political minority But we can take our rights back he reminds us Analyzing the experiences of other countries weaving landmark court cases together with a critical look at contemporary applications and invoking the lessons of history including the Great Migration Cose sheds much needed light on this cornerstone of American culture and offers a clarion call for activism and change

Doom Niall Ferguson, 2021-09-13 Corona ist nicht die letzte Katastrophe der Menschheit nur ihre jüngste Katastrophen lassen sich nicht vorhersagen Und dennoch Wenn das Unheil zuschlägt sollten wir besser gerüstet sein als die Römer beim Ausbruch des Vesuv die Menschen im Mittelalter bei der rasenden Verbreitung der Pest in ganz Europa oder die Russen bei der Reaktorkatastrophe von Tschernobyl Aber sind wir das Haben wir nicht gerade in der Corona Pandemie alles erlebt an imperialer Berheblichkeit bürokratischer Erstarrung und tiefer Spaltung Doom schaut mit dem Blick des Historikers und Ökonomen auf die unterschiedlichsten Desaster in der Menschheitsgeschichte Wir müssen unsere Lektionen aus diesen historischen Beispielen lernen damit künftige Katastrophen uns nicht in den Untergang führen Mit einem aktuellen Vorwort des Autors für die deutsche Ausgabe

The Demons of Liberal Democracy Adrian Pabst, 2019-07-12 Liberals blame the global retreat of liberal democracy on globalisation and authoritarian leaders Only liberalism so they assume can defend democratic rule against multinationals or populists at home and abroad In this provocative book Adrian Pabst contends that liberal

democracy is illiberal and undemocratic intolerant about the values of ordinary people while concentrating power and wealth in the hands of unaccountable elites Under the influence of contemporary liberalism democracy is sliding into oligarchy demagoguery and anarchy Liberals far from defending open markets and free speech promote monopolies such as the new tech giants that undermine competition and democratic debate Liberal individualism has eroded the social bonds and civic duties on which democracy depends for trust and cooperation To banish liberal democracy's demons Pabst proposes radical ideas for economic democracy a politics of persuasion and a better balance of personal freedom with social solidarity This book's defence of democratic politics against both liberals and populists will speak to all readers trying to understand our age of upheaval

Birthing Black Mothers Jennifer C. Nash, 2021-07-06 In *Birthing Black Mothers* Black feminist theorist Jennifer C. Nash examines how the figure of the Black mother has become a powerful political category Mothering while Black has become synonymous with crisis as well as a site of cultural interest empathy fascination and support Cast as suffering and traumatized by their proximity to Black death especially through medical racism and state sanctioned police violence Black mothers are often rendered as one dimensional symbols of tragic heroism In contrast Nash examines Black mothers self representations and public performances of motherhood including Black doulas and breastfeeding advocates alongside celebrities such as Beyoncé Serena Williams and Michelle Obama that are not rooted in loss Through cultural critique and in depth interviews Nash acknowledges the complexities of Black motherhood outside its use as political currency Throughout Nash imagines a Black feminist project that refuses the lure of locating the precarity of Black life in women and instead invites readers to theorize organize and dream into being new modes of Black motherhood

Privacy Leslie P. Francis, John G. Francis, 2017-06-01 We live more and more of our lives online we rely on the internet as we work correspond with friends and loved ones and go through a multitude of mundane activities like paying bills streaming videos reading the news and listening to music Without thinking twice we operate with the understanding that the data that traces these activities will not be abused now or in the future There is an abstract idea of privacy that we invoke and concrete rules about our privacy that we can point to if we are pressed Nonetheless too often we are uneasily reminded that our privacy is not invulnerable the data tracks we leave through our health information the internet and social media financial and credit information personal relationships and public lives make us continuously prey to identity theft hacking and even government surveillance A great deal is at stake for individuals groups and societies if privacy is misunderstood misdirected or misused Popular understanding of privacy doesn't match the heat the concept generates With a host of cultural differences as to how privacy is understood globally and in different religions and with ceaseless technological advancements it is an increasingly complex topic In this clear and accessible book Leslie and John G. Francis guide us to an understanding of what privacy can mean and why it is so important Drawing upon their extensive joint expertise in law philosophy political science regulatory policy and bioethics they parse the consequences of the forfeiture however great or small of one's privacy

The New

Enlightenment and the Fight to Free Knowledge Peter B. Kaufman, 2021-02-23 How do we create a universe of truthful and verifiable information available to everyone In *The New Enlightenment and the Fight to Free Knowledge* MIT Open Learning s Peter B Kaufman describes the powerful forces that have purposely crippled our efforts to share knowledge widely and freely Popes and their inquisitors emperors and their hangmen commissars and their secret police throughout history all have sought to stanch the free flow of information Kaufman writes of times when the Bible could not be translated you d be burned for trying when dictionaries and encyclopedias were forbidden when literature and science and history books were trashed and pulped sometimes along with their authors and when efforts to develop public television and radio networks were quashed by private industry In the 21st century the enemies of free thought have taken on new and different guises giant corporate behemoths sprawling national security agencies gutted regulatory commissions Bereft of any real moral compass or sense of social responsibility their work to surveil and control us are no less nefarious than their 16th and 18th and 20th century predecessors They are all part of what Kaufman calls the Monsterverse *The New Enlightenment and the Fight to Free Knowledge* maps out the opportunities to mobilize for the fight ahead of us With the Internet and other means of media production and distribution video especially at hand knowledge institutions like universities libraries museums and archives have a special responsibility now to counter misinformation disinformation and fake news and especially efforts to control the free flow of information A film and video producer and former book publisher Kaufman begins to draft a new social contract for our networked video age He draws his inspiration from those who fought tooth and nail against earlier incarnations of the Monsterverse including William Tyndale in the 16th century Denis Diderot in the 18th untold numbers of Soviet and Central and East European dissidents in the 20th many of whom paid the ultimate price Their successors Advocates of free knowledge like Aaron Swartz of free software like Richard Stallman of an enlightened public television and radio network like James Killian of a freer Internet like Tim Berners Lee of fuller rights and freedoms like Edward Snowden All have been striving to secure for us a better world marked by the right balance between state society and private gain The concluding section of the book its largest piece builds on their work drawing up a progressive agenda for how today s free thinkers can band together now to fight and win With everything shut and everyone going online *The New Enlightenment and the Fight to Free Knowledge* is a rousing call to action that expands the definition of what it means to be a citizen in the 21st century

Margin of Victory Nathaniel G. Pearlman, 2012-04-06 This book illuminates modern political technology examining important technologies companies and people putting recent innovations into historical context and describing the possible future uses of technology in electoral politics Despite a decade of political technology s celebrated triumphs such as online fundraising of the presidential campaigns of McCain in 2000 Dean in 2003 and Obama in 2008 or the web enabled socially networked campaign of Obama 2008 the field of e politics is still at an unsolidified stage *Margin of Victory How Technologists Help Politicians Win Elections* offers an unprecedented insiders view of the fast changing role of political

technology that explains how innovations in the use of new media software tools data and analytics hold yet untapped potential Contributions from leading practitioners in this highly specialized field cover everything from political blogs to targeting mobile devices to utilizing software created specifically to manage campaigns The book documents how political technology is still in an early stage despite its enormous advances in recent years and how the strategies that work today will inevitably be superseded as new technologies arrive and potential voters become less receptive to the previous campaign s tactics
