instinct but also on the cold science of statistics Francona the son of a professional baseball player and a major leaguer himself until devastating knee injuries ended his career prematurely was a dark horse candidate After all he d been a mediocre manager while with the Phillies But he had a great head for the game and as the manager for the minor league Birmingham Barons he had managed none other than Michael Jordan without a glitch After Francona s job interview with Epstein which included a written test and a game simulation the Red Sox felt they d found their man And now after two championships in four seasons they have their proof With a team of disparate personalities from the inscrutable Manny Ramirez to the affable David Ortiz Francona and the Red Sox have overtaken their hated archnemesis the New York Yankees as the American League s elite team Insightful fascinating and surprising Red Sox Rule is the story of the changing face of baseball and the inner workings of its finest organization
