How to Move Up When the Only Way is Down Judah Taub,2024-10-22 Break new ground in problem solving and decision making by learning from AI A well paid executive feels trapped in her very respected but unsatisfying job A startup founder has paying customers but knows that unless he fires them and pivots the business his startup won t make it A senior government planner is tasked with undoing the nation s reliance on outdated infrastructure These are all examples of individuals stuck in a Local Maximum we ve reached a peak but not the one that fulfills the highest potential In order to move up in our pursuits we must first move back down a realization which can lead to frustration decision making paralysis and lost opportunity In How to Move Up When the Only Way Is Down Lessons from Artificial Intelligence for Overcoming Your Local Maximum Judah Taub draws from his perspective guiding early stage AI startups his years serving in military intelligence and various experiences leading innovation throughout his career With his off the beaten path perspective Judah shares insights into how humans can achieve better decision making by learning how AI overcomes local maximums What tech engineers already know is that with the rise

of AI we've developed new ways of addressing these limitations. These techniques employed to save billions of dollars for global giants like Amazon and Google are equally applicable to each of us. To show how Judah shares a variety of real world examples involving Olympic high jumpers, the transition of Ethiopian immigrants from gas station attendants to high tech engineers, the evolution of playing cards into Nintendo, the development of ChatGPT, the link between wildfires and hedge fund managers, and much more. Explore How to anticipate and identify Local Maximums. How to overcome psychological Local Maximum blocks and biases. How to build skills and apply strategies to succeed in complex decision making. How Local Maximum thinking can help overcome major global challenges. The book is equipped to benefit anyone facing complex decisions or obstacles to their personal or professional goals. How to Move Up When the Only Way is Down is designed to transform readers' decision making by recognizing Local Maximums and skill building based on lessons from AI.

Beyond Violence+ Stephanie S. Covington, 2025-04-01. A gender responsive trauma informed treatment program for mental health addiction and domestic violence professionals working within the criminal justice system. Beyond Violence: A Prevention Program for Justice Involved Women and Gender Diverse People is the revised and expanded version of the evidence based Beyond Violence 2013. The expansion includes additional sessions focusing on suicide prevention, parenting relationships in prison, and gender diversity. This treatment program is specifically developed for those who have committed aggressive or violent crimes and are in prisons, jails, and community correctional settings. The curriculum applies the Social Ecological Model to understand violent impulses and their management. This same conceptual model is used by the Centers for Disease Control and Prevention and by researchers affiliated with the Prison Rape Elimination Act (PREA). This four level violence prevention model considers the complex interplay between individual, relationship, community, and societal factors. It addresses key issues that put women at risk of experiencing or perpetrating violence. The Beyond Violence program consists of 27 group sessions. Facilitators receive the background information and content necessary to lead practical and effective sessions, and the Participant Workbook allows women to process, record, and refer back to their therapeutic group experiences. By the end of the program, participants will have new skills in communication, conflict resolution, decision making, and self-soothing. They also will have a newfound understanding of themselves, their backgrounds, and the paths forward in their lives.
