Character Is Not a Statistic: the Legacy and Wisdom of Baseball's Godfather Scout Bill Lajoie Bill Lajoie, Anup Sinha, 2010-01-21 Bill Lajoie just had it When it came to drafting ballplayers and building a World Series club few in baseball history can match his extraordinary success The lessons of Lajoie's illustrious career and the brilliance of his philosophy are put to print in *Character is Not a Statistic* After a playing career that fell achingly short of the major leagues Lajoie returned to Detroit to become a teacher in the mid 1960s But his unyielding passion for baseball and desire to atone for a broken dream pulled him back to the game as a scout From there he'd go on to build World Series Championships from scratch by finding players who possessed the very character he lacked as a young athlete Starting as an area scout for the Cincinnati Reds in 1965 Lajoie later moved up the ladder with the Detroit Tigers and was the architect and general manager of their 1984 World Series crowning Lajoie would then be instrumental as an assistant GM for two more franchises who dominated their decades with championships and titles the 1990s Atlanta Braves and the 2000s Boston Red Sox Perhaps no one alive has scouted more baseball over the last 50 years or has better stories to tell about finding the greats Though the modern era has seen the depersonalization of scouting via statistics and radar gun readings Lajoie was immensely successful through five decades by emphasizing what a player had inside him His belief in a player's humanity and character persists to this day This book is not only a biography but a collection of great baseball stories and a manual for the next generation of fans and scouts alike Lajoie tackles such controversial issues as the Moneyball movement the importance of a strong manager scouting for makeup making trades preventing pitching injuries running a farm system and ranking both the best general managers and scouting directors of the modern era

Baseball's Pivotal Era, 1945-1951 William Marshall, 1999 With personal interviews of players and owners and with over two decades of research in newspapers and archives Bill Marshall tells of the players the pennant races and the officials who shaped one of the most memorable eras in sports and American history At the end of World War II soldiers returning from overseas hungered to resume their love affair with baseball Spectators still identified with players whose salaries and off season employment as postmen plumbers farmers and insurance salesmen resembled their own It was a time when kids played baseball on sandlots and in pastures fans followed the game on the radio and tickets were affordable The outstanding play of Joe DiMaggio Stan Musial Ted Williams Bob Feller Don Newcombe Warren Spahn and many others dominated the field But perhaps no performance was more important than that of Jackie Robinson whose entrance into the

game broke the color barrier won him the respect of millions of Americans and helped set the stage for the civil rights movement Baseball's Pivotal Era 1945-1951 also records the attempt to organize the Pittsburgh Pirates and the Mexican League's success in luring players south of the border that led to a series of lawsuits that almost undermined baseball's reserve clause and antitrust exemption The result was spring training pay uniform contracts minimum salary levels player representation and a pension plan the very issues that would divide players and owners almost fifty years later During these years the game was led by A B Happy Chandler a hand shaking speech making singing Kentucky politician Most owners thought he would be easily manipulated unlike baseball's first commissioner the autocratic Judge Kennesaw Mountain Landis Instead Chandler's style led one owner to complain that he was the player's commissioner the fan's commissioner the press and radio commissioner everybody's commissioner but the men who pay him
