Everyday Acts of Design Zoy Anastassakis, Marcos Martins, 2022-09-22 From 2016 2018 teachers and students at the State University of Rio de Janeiro in Brazil found themselves at the center of a crisis A new right wing government suspended payment of staff salaries and student scholarships and stopped funding basic maintenance *Everyday Acts of Design* tells the story of how the university's design school reacted to the crisis not with despondency or despair but by promoting a series of radical teaching experiments Working together students alumni teachers and staff embraced hope as a method demonstrating that it is possible to find positive answers even in a situation of imminent collapse The case histories narrated in the book provide alternatives to conventional forms of design teaching but also prove that education can be a site for democracy and the practice of freedom Deprived of the activity of creating for an imagined future design can still assert a way forward through practices of making and experimenting Drawing on their personal experience of designing and teaching design at a time of crisis the authors assert the value of a design attitude which in refusing to be delimited by the forethought of designing insists on a radical experimental practice as a means of survival Although a multitude of voices both assenting and dissenting are present in the text the authors do not hide their own position making it clear that their stories are not a balanced mosaic of polyphonic positions The contemporary attack on free public education fueled by the growth of far right regimes all over the globe relies on a totalizing univocal conception of truth as a means to shut down a plurality of thinking Against this this book adopts the partiality of historical and cultural truths as an urgent and explicit counter attack Adopting a consciously international approach the authors connect and compare their own story with those of similar design teaching movements in the Global South such as the Barefoot School in India and ZIVA founded by Saki Mafunkikwa in Zimbabwe

An den Rändern der Literatur. Dokument und Literatur in zentraleuropäischen Kulturen Milka Car, Csongor Lörincz, Danijela Lugarić, Gábor Tamás Molnár, 2023-11-13 Die Integration der Dokumente wird als eine Geste der Spaltung betrachtet die das Zusammenspiel der faktischen und fiktionalen Wahrheitsbehauptungen in literarischen Texten hervorhebt Riffaterre 1990 Dadurch kommen der dokumentarische Anspruch auf Glaubwürdigkeit und die Literarizität des Textes in Widerspruch Daher ist die erste Prämissen des Bandes die Auswirkung des dokumentarischen Paktes Foley 1986 auf die Bestimmung der Literatur Die betonte Referenzfunktion der Dokumentarliteratur führt zum schrittweisen Überschreiten der Grenze zwischen Fakt und Fiktion wobei sich diese Grenze als instabil erweist und die Realität transfiguriert A Danto Um die unterschiedlichen Ausprägungen des Dokumentarischen zu erfassen wird eine kommunikativ funktionale Bestimmung der Literatur vorgeschlagen die vom dokumentarischen Gestus und der exponierten Text-Kontext-Beziehung ausgeht Die nächste Prämissen ist dass das Jahr 1989 mit dem Fall der Berliner Mauer dem Zerfall des Ostblocks und dem Ende des Kalten Krieges als eine weitreichende politische Zäsur angesehen werden kann die nicht nur das Aufkommen neuer dokumentarischer Verfahren in zentraleuropäischen Literaturen begünstigte sondern auch die Grenzen des Literarischen und Dokumentarischen

neu positioniert The use of documentary is viewed as a gesture of split as it places literary fiction between factual and fictional claims to truth Riffaterre 1990 In other words the documentary claim to authenticity violates literary structural principles As a result the volume s first premise is the impact of the documentary pact Foley 1986 on defining literature The emphasized referential function of documentary literature results in the constant crossing of the boundary between fact and fiction which proves unstable and transfigures reality A Danto The second premise is that 1989 with the fall of the Berlin Wall the disintegration of the Eastern Bloc and the end of the Cold War can be viewed as a wide ranging political caesura that not only encouraged the emergence of new documentary literary practices in Central European literatures but also repositioned the boundaries between the literary and the documentary Business Meets the Humanities Martina Mahnke, Mikka Nielsen, Matilde Petersen, Lise Tjørring, 2022-11-17 Within the last decades universities are increasingly expected and measured by their direct engagement in collaborations beyond academia Exploring the potential that lies in university business collaborations the present anthology attends to the dilemmas dualities and challenges that follow such collaborations especially in the academic traditions of the social sciences and humanities Each contribution investigates how the human perspective a perspective that highlights how complex knowledge and a deep understanding of human everyday life enriches companies processes products services and ideas Some chapters focus on collaborations between researchers and business practitioners others focus on teaching examples involving students in the collaborative work with businesses and organisations and again others contribute with more theoretical considerations By gathering hands on experiences the book provides readers with inspirations reflections on and insights into university business collaborations This book therefore is intended for researchers within the humanities and social sciences who want to get a deeper understanding of the practice of such collaborations The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Film Discourse Interpretation Janina Wildfeuer,2014-06-03 This book contributes to the analysis of film from a multimodal and textual perspective by extending formal semantics into the realm of multimodal discourse analysis It accounts for both the inferential as well as intersemiotic meaning making processes in filmic discourse and therefore addresses one of the main questions that have been asked within film theory and multimodal analysis How do we understand film and multimodal texts The book offers an analytical answer to this question by providing a systematic tool for the description of this comprehension process It aims to advance knowledge of the various resources in filmic texts the ways the resources work together in constructing meaning and the ways people understand this meaning construction This new approach to film interpretation is thus able to remodel and improve the classical paradigm of film text analysis

ECSM 2021 8th European Conference on Social Media Dr Christos Karpasitis,2021-07-01 Conference Proceedings of 8th European Conference on Social Media

Character-Driven Game Design Petri Lankoski,2011-05 How do game characters contribute to shaping the playing experience What kinds of design tools are available for character based games that utilize methods from dramatic writing and game research Writer Petri Lankoski has a theory for this There is a need to tether character design to game design more tightly than has been the case in the past as well as to pay attention to social networks of characters by the means of finding useful design patterns The use of Lajos Egri s bone structure for a three dimensional character and of Murray Smith s three levels of imaginative engagement with characters allows the candidate to expose the full complexity of the imaginary persons represented and controlled in a single player game What makes his design center approach even more interesting is that game play is an integral part of it Comments Bernard Perron Associate Professor of Universit de Montr al on Lankoski s work
