Evil in Stephen King's America Jason S. Polley, Stephanie Laine Hamilton, 2024-06-03 This edited collection variously interrogates how everyday evil manifests in Stephen King's now familiar American imaginary an imaginary that increases the representational limits of both anticipated and experienced realism Divided into three parts I The Man II The Monster and III The Re mediator the book offers rigorous readings of evil realism and popular culture as represented in a range of texts and paratexts from the King canon Rich with images a photo essay and appendices collecting classical texts and cultural detritus germane to King this book moves away from viewing King's work primarily through the lens of the American gothic and toward the realism that the suspense novelist's voice fictional and non and influence literary and popular indelibly continue to amplify all the while complicating the traditional divide between serious literature and popular fiction Stephen King remains perpetually popular And he is finally receiving the academic treatment he has craved since the early 1980s Yet still unexamined in the King critical canon is the suspense novelist's fascination with everyday evil Beyond rigorous

interrogations of King's fictional depictions of everyday evil by an array of scholars of different ranks living around the world. Canada, Finland, Hong Kong, the UK: the book is replete with 20 images that consider how King widens the parameters of literary production and appreciation. An integral part of the Americana that King's five decades in the making canon configures of course includes King himself. King has long made use of self-referentiality in his fiction and nonfiction. Some of his nonfiction, several of our essays reveal, recirculates in paratextual form as Prefatory Remarks to new novels or new editions of older ones. The paratexts considered here both across the volume and in the appendices offer alternate ways by which to appreciate King and his sphere of influence: literary and popular. Said appendices are a grouping of King's paratexts on his writing as Bachman, appearing here for the first time as a cohesive collection. King's influence took off in the 1970s as is further explored in the book, enveloping three-part photo essay: King's America, America's King, Stephen King, Popular Culture since the 1970s. About the transformative quality of everyday evil, the photo essay tracks the cultural impacts of King first as an emerging author, then a pop culture phenomenon, and finally as an established American literary voice. *Everyday Evil in Stephen King's America* is designed to appeal to teachers and students of American literature, to Stephen King enthusiasts as well as to acolytes of Americana since the Vietnam War. *The Romantic Revolution in America, 1800-1860* (Vernon Louis Parrington, 1987) Main Currents in American Thought will stand as a model for venturesome scholars for years to come. Readers and scholars of the rising generation may not follow Parrington's particular judgments or point of view, but it is hard to believe that they will not still be captivated and inspired by his sparkle, his daring, and the ardor of his political commitment. In Volume II, *The Romantic Revolution in America, 1800-1860*, Parrington treats such influential figures as John Marshall, John C. Calhoun, Andrew Jackson, Abraham Lincoln, Washington Irving, James Fenimore Cooper, Herman Melville, Daniel Webster, Ralph Waldo Emerson, Henry David Thoreau, and Nathaniel Hawthorne. *An Exceptional Romance: Igniting the marriage of your dreams by replacing routine with passion* (Kate Dahlin, Steve Dahlin, 2019-08-22) Romance is not work when you get it right. It is inspiring, magnetic, and everybody wants to know your secret. Do you desire to reignite the fire you felt in those early dates before life got more complex and routine replaced romance? This book will help fan that spark into a flame that grows, matures, and lasts a lifetime. So many people are looking for personal development and excellence in their lives, especially as it relates to relationships. We'll show you how small adjustments can make a significant difference and impact your trajectory together. Buck the status quo. Dream big. Avoid mediocrity. Create an enduring bond. Join us on this quest for An Exceptional Romance. *A History of the Book in America* (David Paul Nord, Joan Shelley Rubin, Michael Schudson, 2015-12-01) The fifth volume of *A History of the Book in America* addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period, factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to

the volume explore the evolution of the publishing industry and the business of bookselling The histories of government publishing law and policy the periodical press literary criticism and reading in settings such as schools libraries book clubs self help programs and collectors societies receive imaginative scrutiny as well The Enduring Book demonstrates that the corporate consolidations of the last half century have left space for the independent publisher that multiplicity continues to define American print culture and that even in the digital age the book endures Contributors David Abrahamson Northwestern University James L Baughman University of Wisconsin Madison Kenneth Cmiel d 2006 James Danky University of Wisconsin Madison Robert DeMaria Jr Vassar College Donald A Downs University of Wisconsin Madison Robert W Frase d 2003 Paul C Gutjahr Indiana University David D Hall Harvard Divinity School John B Hench American Antiquarian Society Patrick Henry New York City College of Technology Dan Lacy d 2001 Marshall Leaffer Indiana University Bruce Lewenstein Cornell University Elizabeth Long Rice University Beth Luey Arizona State University Tom McCarthy Beirut Lebanon Laura J Miller Brandeis University Priscilla Coit Murphy Chapel Hill N C David Paul Nord Indiana University Carol Polsgrove Indiana University David Reinking Clemson University Jane Rhodes Macalester College John V Richardson Jr University of California Los Angeles Joan Shelley Rubin University of Rochester Michael Schudson University of California San Diego and Columbia University Linda Scott University of Oxford Dan Simon Seven Stories Press Ilan Stavans Amherst College Harvey M Teres Syracuse University John B Thompson University of Cambridge Trysh Travis University of Florida Jonathan Zimmerman New York University
