Key Scholarship in Media Literacy: David Buckingham Allison T. Butler, 2020-11-30 We live in a time of unprecedented media use much of which can be accessed by devices that fit in our pockets Young people in particular make use of media on a near constant basis How can this media use be better understood This text focuses on the scholarship and research of David Buckingham a global leader in media literacy education and children s and young people s media cultures It is not an exaggeration to state that studies and applications of media literacy education around the globe are indebted to the scholarship of Buckingham and that more nuanced understandings of how children and young people make sense of their media choices are due in large part to Buckingham s work Key Scholarship in Media Literacy David Buckingham focuses on the key contributions of Buckingham s work over his prolific career illuminating the advances he made in the field of media literacy education and understandings of young people s media cultures Through a close look at Buckingham s theoretical advancements contributions to the larger field of media literacy education and the key strains of his research how children and young people learn what they already know about media and pop culture before they enter classrooms end media content about and for youth this text delineates Buckingham s vast bibliography and will be an invaluable resource for anyone curious to know more about children youth and media literacy education Analysis of Buckingham s work is drawn from his robust bibliography exploration of scholarship he has critiqued interpretation of contemporary social concerns through the lens of his research and formal and informal conversations with him over the course of several years

Shifting Journalism Boundaries in Zimbabwe Mphathisi Ndlovu, Lungile Tshuma, 2025-12-03 This book investigates the ways in which peripheral news actors in digital media are transforming journalism in Zimbabwe Journalism s boundaries have become blurred porous and fuzzy as non traditional news actors such as bloggers social media influencers citizen journalists start ups satirists comedians and fact checkers gain increasing influence in digital spaces As legacy news media attempt to ring fence the field journalism becomes both boundaried and boundless This book examines how peripheral journalistic practices are impacting Zimbabwe a semi authoritarian regime facing significant economic pressures Taking into account Zimbabwe s specific sociocultural political and economic context this book explores how political issues are mediated by periphery actors how they deal with challenges to their legitimacy and professionalism how sustainable their positions are and finally what the implications of shifting journalistic boundaries are for education and training institutions As the impact of digital technologies continues to rise this timely book will be an important read for researchers working on journalism media and communication and African studies

Musicking TikTok Juan Bermúdez, 2024-12-12 This ethnographic

work about TikTok's musicking in a glocal Austrian context complements and build upon ethnomusicological assumptions theories and methods for the study of musical practices in digital spaces An overview of elements that make up TikTok's interface as well as the technical performative possibilities that it allows this book introduces a general categorization of existing performance types and how TikTokers appropriate the platform to make their music It illustrates how some TikTokers became aware of and began using TikTok and it reviews some of the different strategies TikTokers apply to learn how to use the application and successfully develop their performances Berm dez explores how performers move from being ordinary users to becoming TikTokers developing and performing an identity he calls TikTok Persona Moreover he discusses how some TikTok practices can and have occurred across multiple interconnected platforms and he examines how localities are articulated and negotiated in these contexts Berm dez argues for an understanding of musicking as a multimedia practice that different actors create and experience individually in everyday synchronous and asynchronous physical and digital situations The so called TikTokers create a sense of identity and community through their performances This study suggests that a digital performance can be aside from a representation of reality an integral part of it serving as a fundamental space for constructing and performing identity **Popular Culture in Everyday Life** Charles Soukup, Christina R.

Foust, 2023-08-25 An accessible and engaging introduction to the critical study of popular culture which provides students with the tools they need to make sense of the popular culture that inundates their everyday lives This textbook centers on media ecology and equipment for living to introduce students to important theories and debates in the field Each chapter engages an important facet of popular culture ranging from the business of popular culture to communities stories and identities to the simulation and sensation of pop culture The text explains key terms and features contemporary case studies throughout examining aspects such as memes and trends on social media cancel culture celebrities as influencers gamification meta pop culture and personalized on demand music The book enables students to understand the complexity of power and influence providing a better understanding of the ways pop culture is embedded in a wide range of everyday activities Students are encouraged to reflect on how they consume and produce popular culture and understand how that shapes their sense of self and connections to others Essential reading for undergraduate and postgraduate students of media studies communication studies cultural studies popular culture and other related subjects TikTok D. Bondy Valdovinos Kaye, Jing Zeng, Patrik Wikstrom, 2022-06-16 Since its acquisition and rebranding in 2018 TikTok has become one of the fastest growing platforms in the world Moreover it's the first Chinese developed platform to find mainstream international success carving its own niche in the global short video industry In the first comprehensive exploration of TikTok Kaye Zeng and Wikstr m provide a history of the emergent genre of short video and situate the platform within the cultures and controversies that have accompanied its dramatic growth They provide an extensive overview of TikTok's functions and uses the diverse markets in which the platform operates and the issues of governance that have impacted its expansion Once

thought to be just for kids the authors illustrate how TikTok is further transforming platform cultures and the dynamics of broader creative industries TikTok the authors argue represents an evolutionary step in the way culture is produced and consumed on digital platforms This timely book is essential reading for students and scholars in media and communication studies and for anyone who has been captivated by the global growth of TikTok and short video TikTok Stars C.
