The Debt Trap Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF THE YEAR From acclaimed Wall Street Journal reporter Josh Mitchell the devastating account The Wall Street Journal of student debt in America In 1981 a new

executive at Sallie Mae took home the company's financial documents to review. You've got to be shitting me," he later told the company's CEO. This place is a gold mine. Over the next four decades, the student loan industry that Sallie Mae and Congress created blew up into a crisis that would submerge a generation of Americans into 1.5 trillion in student debt. In *The Debt Trap*, Wall Street Journal reporter Josh Mitchell tells the vivid and compelling Chicago Tribune untold story of the scandals, scams, predatory actors, and government malpractice that have created the behemoth that one of its original architects called a monster. As he charts the jaw-dropping Jeffrey Selinger, New York Times bestselling author of *Who Gets In* and *Why*, seventy-year history of student debt in America, Mitchell never loses sight of the countless student victims ensnared by an exploitative system that depends on their debt. Mitchell also draws alarming parallels to the housing crisis in the late 2000s, showing the catastrophic consequences student debt has had on families and the nation's future. Mitchell's character-driven narrative is necessary reading. *The New York Times* for anyone wanting to understand the central economic issue of our day. **The**

Each volume provides readers with a clear, authoritative, and unbiased understanding of a single issue or event that is driving national debate about our country's leaders, institutions, values, and priorities. This particular volume is devoted to the issue of the rising cost of higher education in the United States. The expense of pursuing a college degree has become so high for so many students in fact that the country is experiencing what many educators, economists, parents, and students describe as a college affordability crisis. This work provides an accessible, accurate account of the factors driving this trend, including dramatic reductions in higher education spending by states, for-profit colleges, predatory, unscrupulous, and lightly regulated student loan service companies, and spiraling spending by colleges and universities competing to attract students. **Clever**
