What Is This Feeling? Robby Weber,2024-09-17 This joyful romp from Robby Weber perfect for fans of Jason June and Morgan Matson follows a boy who will do anything to win his drama club s scavenger hunt in New York City even if it means teaming up with a tech crew loner and discovering unexpected sparks between them Theater star Teddy McGuire is ready for all his dreams to come true He and his best friend Annie have been counting down the days to the end of the year drama club trip to New York City To make it even more magical if they can win the annual scavenger hunt they ll get a chance to meet their popstar idol Benji Keaton But the universe has other plans when Annie can t go on the trip Teddy is forced to room with tech crew loner Sebastian who has no interest in the scavenger hunt or Teddy and seems to have a secret agenda of his own On a larger than life adventure across the city the boys will discover a lot more than what s on their checklist including masquerade mishaps obstacles of Jurassic proportions Hollywood starlets and most surprisingly of all sparks beginning to fly between them In a story about chasing your destiny Teddy and Sebastian are about to learn the secret to making their own luck Also by Robby Weber If You Change Your Mind I Like Me Better [The Little Book of Second Mentions](#) Juliet & Matthew Maguire,2025-08-19 To avoid repetition journalists often try to be creative when referencing something for the second time in a news article for example Boris Johnson at the first mention could become the blond buffoon at the second

mention while Donald Trump could become the bloviating billionaire with extra points for alliteration Once you see one you start seeing them everywhere and it becomes addictive This grammatical tool christened elegant variation is used by journalists trying to avoid making their articles boring through repetition but its use is not an exact science and the results can sometimes be hilarious Every day the Second Mentions team is sent examples of these spotted by journalists who are keen to point out shining examples used by their fellow writers or sometimes claiming responsibility for their own efforts and non journalists who enjoy the simple pleasure of happening upon these second mentions while reading news articles And so from distended dachshunds to marine marauders and from 5ft 1in nonagenarians to pear shaped money guzzlers The Little Book of Second Mentions is the perfect gift for everyone with an inventive passion for the English language from those with a general interest in current affairs to those working in the media *Things I Wanted To Say* Monica Murphy,2023-02-23
