Responsible Investment in Times of Turmoil Wim Vandekerckhove, Jos Leys, Kristian Alm, Bert Scholtens, Silvana Signori, Henry Schäfer, 2012-01-31 The SRI phenomenon is said to be entering the mainstream of financial intermediation. From a fairly marginal practice promoted or campaigned for by NGOs and at odds with financial practice and orthodoxy it grew into well formulated policy adopted by a wide range of investors. Academic literature on SRI has also boomed on the assumption that mainstreaming is taking place. However little thinking has been carried out on questions specifically arising from this alleged mainstreaming. This book addressed to those with a scholarly or practitioner's interest in SRI starts filling this neglected dimension. Today one cannot ignore the difficulties of mainstream financing. The financial spheres are trembling globally in one of the worst crises since the 1930s. As a response to the crisis the intermediation of financial responsibility will undoubtedly be the subject of new regulation and scrutinizing. This book looks into what these turbulences will imply for SRI. In view of these circumstances one might or even should ask oneself whether the phenomenon was not an empty fad during the exuberant high of financial euphoria that came abruptly to an end with current financial crises. To put it rather succinctly are financial intermediaries that promote sustainability credible while it is obvious that some developments in financial intermediation predictably as some say were unsustainable. Is this an opportunity for enhancing SRI because of the strength and superiority it has developed or will it disappear due to a return to financial myopia? This book is the first to question the future of SRI in such a radical way.

EBOOK: Essentials of Investments: Global Edition Zvi Bodie, Alex Kane, Alan Marcus, 2013-01-16 Introducing Essentials of Investments 9th Global Edition by Zvi Bodie, Alex Kane and Alan J. Marcus. We are pleased to present this Global Edition which has been developed specifically to meet the needs of international investment students. A market leader in the field, this text emphasizes asset allocation while presenting the practical applications of investment theory without unnecessary mathematical detail. The ninth edition includes new coverage on the roots and fallout from the recent financial crisis and provides increased content on the changes in market structure and trading technology. Enhancements to this new Global Edition include: New On the market front boxes highlight important investment concepts in real world situations across the globe to promote student thinking without taking a full case study approach. Topics include short selling in Europe, Asia, credit default swaps and the debt crisis in Greece and include examples from Commerzbank, JP Morgan, Facebook, Coca Cola, Santander. The European Energy Exchange plus many more. Revised worked examples illustrate problems using both real and fictional scenarios from across the world to help students develop their problem solving skills. Regional examples include Hutchinson Whampoa, Asia, The Emirates Group, The Middle East and KLM, Royal Dutch Airlines, The Netherlands. Revised end of chapter material includes brand new global questions and global internet exercises that feature currencies, companies and scenarios from Europe, Middle East, Africa and Asia to increase engagement for international students. Global Edition of Connect Plus Finance, McGraw Hill's web based assignment and

assessment platform with eBook access helps students learn faster study more efficiently and retain more knowledge This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the US edition
