The Guru Gap. David McKnight, 2024-12-10. USA Today Bestseller. Learn why retirement strategies recommended by America's famous financial gurus are often inadequate and discover a math-based plan for wringing the most efficiency out of your retirement savings. Gurus like Dave Ramsey, Suze Orman, and others have amassed followers by the millions because of their paint-by-the-numbers financial strategies that are easy to digest and implement. And while they have helped many Americans eliminate debt and take their first steps towards financial freedom, their dumbed-down financial advice is inadequate and incomplete for those looking to maximize their savings. In fact, disciplined investors who have saved well and played by the rules risk losing hundreds of thousands of dollars over the course of their retirement journey by heeding this outdated one-size-fits-all advice. In *The Guru Gap*, David McKnight, bestselling author of *The Power of Zero*, closes the gap between what mainstream media personalities advise and the sophisticated math-based approach your retirement plan requires. This strategy includes the most cost-efficient way to ensure you never outlive your money, a step-by-step plan to shield your savings from the threat of future tax increases, insight on how to shield yourself from the most insidious risks that threaten to derail your retirement plan. This book is your guide to understanding the shortfalls of guru-based retirement strategies so you can bridge the advice gap that stands between you and a sustainable financial future. **The Rich Game**. Marten Livingston, 2018-12-07. The wealthy have a lot of things to consider and act on that the poor are not aware of and

never take their time to understand All these things are organized in a way that starts from the mind and ends with the actions that they take every single day They know how to protect their wealth by taking advantage of the diverse financial strategies and solutions that are tailored to meet their long term objectives We all receive money but how do we go about using it in our daily lives This book is here to guide you on what the rich man you see around uses to continue gaining wealth while the average and poor continue to struggle You will see how you think and how the wealthy thinks and what happens after each of these make their decisions from day to day In the end you will have a complete plan that reveals all the secrets of the wealthy and by then you will see that what really counts are the little things we do In this book you will learn Why mindset is everything How to set financial goals and achieve them Avoiding Shiny Object syndrome How to create more than one stream of income And many other wealth secrets the rich don t talk about **Law for Cinemas and Videos** Vijay

Waiting for an Echo Christine Montross,2020-07-21 L A Times Book Prize Finalist New York Times Book Review Paperback Row New York Times Books to Watch for in July Time Best New Books July 2020 Galvanized by her work in our nation s jails psychiatrist Christine Montross illuminates the human cost of mass incarceration and mental illness Dr Christine Montross has spent her career treating the most severely ill psychiatric patients Several years ago she set out to investigate why so many of her patients got caught up in the legal system when discharged

from her care and what happened to them therein Waiting for an Echo is a riveting rarely seen glimpse into American incarceration It is also a damning account of policies that have criminalized mental illness shifting large numbers of people who belong in therapeutic settings into punitive ones The stark world of American prisons is shocking for all who enter it But Dr Montross's expertise the mind in crisis allowed her to reckon with the human stories behind the bars A father attempting to weigh the impossible calculus of a plea bargain A bright young woman whose life is derailed by addiction Boys in a juvenile detention facility who desperate for human connection invent a way to communicate with one another from cell to cell Overextended doctors and correctional officers who strive to provide care and security in environments riddled with danger In these encounters Montross finds that while our system of correction routinely makes people with mental illness worse just as routinely it renders mentally stable people psychiatrically unwell The system is quite literally maddening Our methods of incarceration take away not only freedom but also selfhood and soundness of mind In a nation where 95 percent of all inmates are released from prison and return to our communities this is a practice that punishes us all

Collecting Taxes Derek Miller, 2018-12-15 Taxes are often regarded as a dreaded topic but in reality the revenue from taxes is what keeps the United States government running Money from taxes helps the government to provide essential services such as schools roads and Social Security benefits Through accessible explanations that align with the C3 Framework for Social Studies State Standards this volume illustrates how the president Congress and the IRS work together to fund the federal government as well as the people and processes behind state and local taxes This book paints a vivid and engaging picture of the people who levy taxes and legislate tax reforms imparting the necessity of tax collection
