Digital Strategy will teach you a six step process and strategy framework that I have crafted over more than a decade s worth of creating digital strategies By implementing the strategy framework you ll gain the insight confidence and direction that you need to be successful with digital The process includes Aligning your digital marketing goals with your organization s overall marketing goals Creating a digital brand identity that will make your channels successful Learning who your targets are and why it matters Defining a content strategy and figuring out how to create one Selecting and planning for the social media and digital media channels that you will activate Designing an evaluation and measurement plan for your strategy Generating strategic ideas that will make your content pop and get you to your target goals If you just want to know what to do on TikTok then this book probably isn t for you While I ll give you the tools for making a decision about whether or not TikTok is for you this book is not for people looking for the next big idea or viral hit This is for people who want to get serious about digital marketing strategy If you re tired of clients or colleagues questioning your skills or ideas then you ll love what I ve put together for you

The Harmonicon William Ayrton,1830 *Making Great Strategy* Glenn R. Carroll,Jesper B. Sørensen,2021-01-26 Making strategy requires undertaking major often irreversible decisions aimed at long term success in an uncertain future All leaders must formulate a clear course of action yet many lack confidence in their ability to think systematically about their strategy They struggle to apply the abstract lessons offered by conventional approaches to strategic analysis to their unique contexts Making Great Strategy resolves these challenges with a straightforward readily applicable framework Jesper B S rensen and Glenn R Carroll show that one factor underlies all sustainably successful strategies a logically coherent argument that connects resources capabilities and environmental conditions to desired outcomes They introduce a system for formulating and managing strategy through a set of three core activities visualization formalization and logic and constructive argumentation These activities can be implemented in any organization and are illustrated through examples and case studies from well known companies such as Apple Walmart and The Economist This book shows that while great strategic thinking is hard it is not a mystery Widely applicable and relevant for managers and leaders at all levels especially executive teams charged with setting the course of their organizations it is essential reading for anyone faced with practical problems of strategic management
