THE STEALING OF EMILY - The Fantasy ('stealth philosophy') that is our Court System Martin Newbold, 2023-07-17 When I first started writing my first book *The Stealing of Emily* I hardly realised how long it would take what form it would be or what the real situation was A similar situation is starting to emerge again with the advertisement of my book on social media I was not ready for the feedback from the lovely people who liked the page on Facebook and poured their hearts out with the misery that these kidnappers had brought to their families It was apparent from the outset that this process was going to itself have a story of

its own This is a piercing account of a justice system that faltered at its core Through a three pronged or tripod approach the book examines the uncertified judge who presided over jurisdictional errors and an unlawful ruse allowing perjury and deception to taint the judgment This miscarriage of justice not only denied Emily her rightful place with her family but also reflected systemic failures with at least 80 similar cases slipping through the cracks The 2012 Final Report from the Council of the Inns of Court COIC Disciplinary Tribunals and Hearings Review Group sought to address these deep seated issues Under the leadership of Brigadier Tony Faith CBE 85 recommendations were implemented to restore confidence in the administration of justice Yet despite these reforms the wrong done to Emily remains unrectified leaving her family in a limbo of unfulfilled promises From the inset this became interesting gathering all the figures and statistics and chasing the money to see whom the villain of the piece was If you have not read the first book in this series it is a must to help you understand what it piled against you to keep you from your child Many of the posts to keep these pages alive were as worrying as the original Thorpes Lost Children which has found no resolution through our member of parliament whose options we are informed by Diane Hedditch at the Office of the Parliamentary Commissioner for Standards said that there are around 650 options that a Member of Parliament can act on or choose to employ to help When I asked what these were I was informed I went on to say that just as there are 650 MPs in Parliament there are also likely to be 650 different ways that an MP might do their job I went on to say that just as there are 650 MPs in Parliament there are also likely to be 650 different ways that an MP might do their job Well you might find this amusing but even some of the UK Government ministers such as Bridgette Prentis the Parliamentary Under Secretary in 2009 are outspoken about the courts making statements in Hansard such as There is some platitudinous advice on trusting solicitors and counsel I would sooner entrust myself to a shoal of piranha as entrust myself to the legal fraternity on these matters In the experience of many of us they are thorough self serving people The Parliamentary Under Secretarys mantra through parliament specifically regarding ex parte hearings which she seemed to have little or no recourse or change to help the poor children or families that come into the net of these child abusers and child abductors History seems to have a habit of repeating and all while this industry is funding billions of pounds of commerce built on the immoral earnings of children s misery If I told you there was a certain organization that wanted to do your family harm What would you say If I then told you this organisation was handing out plans and flow charts for every family law eventuality and giving directions to your opponent how to get out of it to take your child What would you say Would you believe me Well read on Unveil the Secrets Protecting Your Family from Hidden Dangers Immerse yourself in the gripping narrative of The Stealing of Emily by Martin Newbold the first installment in a compelling trilogy that delves into the intricate and perilous world of government agencies and court battles This essential read not only captivates but also empowers your family with in depth knowledge to safeguard against the stealthy tactics employed by local authorities It unveils crucial insights and strategies to protect your loved ones from covert abduction ensuring you are well prepared for
