Facebook Near Me:

Cracking Facebook Maria Leena Korpiaakko, 2015-10-30 This book presents a Facebook study on members of the Cusp Generation or those born before the great digital divide of 1995 This delineation allows for a discussion on the possible socio cultural implications of Facebook use for people of all ages Members of the Cusp Generation are in a unique position as part digital natives to easily acquire and use new media technologies while being more critically aware of the personal social and cultural effects that may arise from them thanks to having some memory of the pre digital era Drawing on identity theories rooted in critical theory and cultural studies the author shows that there are potential constrictions on people's agency in their Facebook use caused by consumer discourse Facebook's hyperreal nature and structure psychological predispositions and the potential for avatar attachment In raising concerns over the impacts of technology based communication this book explores how the medium of Facebook extends and exacerbates processes of offline social reproduction and discusses how the positive social and political aspects of Facebook can be enhanced The findings contribute to academic discussions in the fields of cultural studies and Education and can be applied to the development of critical media literacy for curriculum and pedagogy

A Story of Love, Faith and Loot by Facebook Friend Anindita, 2016-04-28 Anindita a happy loving woman had great lust to experience life She was on a sabbatical from work She was planning to travel to various villages to gather knowledge about the economically backward girls in the state of West Bengal and help them through her foundation Nevertheless destiny had other plans and led her in a different direction with undesirable consequences She became acquainted with Jack Smith through Facebook and he wanted to help her foundation financially However through course of time they were in love But ultimately she realized that she was actually trapped by cybercriminals

Social Media Graham Meikle, 2016-02-05 Social media platforms have captured the attention and imagination of many millions of people enabling their users to develop and display their creativity to empathize with others and to find connection communication and communion But they are also surveillance systems through which those users become complicit in their own commercial exploitation In this accessible book Graham Meikle explores the tensions between these two aspects of social media From Facebook and Twitter to Reddit and YouTube Meikle examines social media as industries and as central sites for understanding the cultural politics of everyday life Building on the new forms of communication and citizenship brought about by these platforms he analyzes the meanings of sharing and privacy internet memes remix cultures and citizen journalism Throughout Social Media engages with questions of visibility performance platforms and users and demonstrates how networked digital media are adopted and adapted in an environment built around the convergence of personal and public communication

Social Media Marketing All-in-One For Dummies Michelle Krasniak, Jan Zimmerman, Deborah Ng, 2021-04-06 Get social with the bestselling social media marketing book No person can ignore social media these days and no business can afford to ignore it either Our lives are mediated through the flicker of Facebook Twitter YouTube and Instagram and brands are increasingly interwoven with our online identities Even for the 90% of marketers who interact with social media regularly its pace and scale can be confusing to the point of distraction Social Media Marketing All in One For Dummies helps you take a step back make sense of the noise and get your brand voice heard over the babble in the way you want it to be These nine mini books in one give you essential straightforward and friendly guidance on how to use the major social platforms to promote your business engage your customers and use feedback to make your product or service the best that it can be From evaluating the right social mix and planning your strategy to the really fun stuff like creating videos on Snapchat and TikTok diving deep on a podcast or looking pretty on Pinterest you ll find everything you need to get your social ducks in a row and say the right

things And once the campaign is over you can follow the guidance here to evaluate success and iterate on your approach before getting right back out there for an even bigger second bite Keep up with the latest changes on Twitter Facebook LinkedIn TikTok and more Blend your social side with your traditional marketing presence Become more engaging and metric your success Get to know your fans with user data Wherever you re coming from social media strategist site manager marketer or something else social media is where your customers are This book shows you how to be there too The Silo Effect Gillian Tett, 2015-08-27 Ever since civilised society began we have felt the need to classify categorise and specialise It can make things more efficient and help give the leaders of any organisation a sense of confidence that they have the right people focusing on the right tasks But it can also be catastrophic leading to tunnel vision and tribalism Most importantly it can create a structural fog with the full picture of where an organisation is heading hidden from view It is incredibly widespread the chances are these silos are rife in any organisation or profession whether your business or your local school or hospital Across industries and cultures as this brilliant and penetrating book shows silos have the power to collapse companies and destabilise financial markets yet they still dominate the workplace They blind and confuse us often making modern institutions act in risky silly and damaging ways Gillian Tett has spent years covering financial markets and business but she s also a trained anthropologist having completed a doctorate at Cambridge University and conducted field work in Tibet and Tajikistan She s no stranger to questioning the assumptions and practices of a culture Those in question financial trading desks urban police forces surgical teams within medical clinics software debuggers and consumer product engineers have practices and rituals as ordered and intricate as those of any far flung tribe In The Silo Effect she uses an anthropological lens to explore how individuals teams and whole organisations often work in silos of thought process and product With examples drawn from a range of fascinating areas the New York Fire Department and Facebook to the Bank of England and Sony these narratives illustrate not just how foolishly people can behave when they are mastered by silos but also how the brightest institutions and individuals can master them The Silo Effect is a sharp visionary and inspiring work with the insight prescriptions and power to remove our organisational blinders and transform the way we think for the better
