Student Debt William Elliott III, Melinda K. Lewis, 2017-01-26 Offering answers to essential questions about student debt and many connected issues this book examines student debt in the United States at every stage of the process from the banks that issue the loans to the colleges and universities that collect the payments Student lending in the United States is one of the most controversial issues in contemporary American discourse Are these loans the only option for Americans who want to attend college and university in order to attain the best careers and have a productive enjoyable life Should the predatory lending practices of for profit colleges and universities be stopped How can limits be imposed on student lending amounts without preventing students from getting the education they need to succeed The book explains why so many students are borrowing large amounts of money to attend college considers whether the cost of higher education is simply too high and if there should be a cap on how much money students can borrow explains what is contributing to the rising rate of borrowers defaulting on their loans and predicts whether the so called student loan bubble is in danger of popping The Data and Documents chapter analyzes data gathered from discussions about student debt This information enables readers to better understand who is borrowing student loans what the money from the student loans is going toward what individuals have the authority to decide who qualifies for these loans and what is being done to curb wasteful student spending **Hearings,**

Reports and Prints of the House Committee on Education and Labor United States. Congress. House. Examining Unethical Practices in the Student Loan Industry United States. Congress. House. Committee on Education and Labor,2008

Beyond Access Stephanie J. Waterman,Shelly C. Lowe,Heather J. Shotton,2023-07-03 This book argues that two principal factors are inhibiting Native students from transitioning from school to college and from succeeding in their post secondary studies It presents models and examples of pathways to success that align with Native American students aspirations and cultural values Many attend schools that are poorly resourced where they are often discouraged from aspiring to college Many are alienated from the educational system by a lack of culturally appropriate and meaningful environment or support systems that reflect Indigenous values of community sharing honoring extended family giving back to one s community and respect for creation The contributors to this book highlight Indigenized college access programs meaning programs developed by not just for the Indigenous community and are adapted or developed for the unique Indigenous populations they serve Individual chapters cover a K 12 program to develop a Native college going culture through community engagement a crash course offered by a

higher education institution to compensate for the lack of college counseling and academic advising at students schools the role of tribal colleges and universities the recruitment and retention of Native American students in STEM and nursing programs financial aid educational leadership programs to prepare Native principals superintendents and other school leaders and finally data regarding Native American college students with disabilities The chapters are interspersed with narratives from current Indigenous graduate students This is an invaluable resource for student affairs practitioners and higher education administrators wanting to understand and serve their Indigenous students **Financing Postsecondary**
