Netflix Nations Ramon Lobato, 2019-01-08 How streaming services and internet distribution have transformed global television culture Television once a broadcast medium now also travels through our telephone lines fiber optic cables and wireless networks It is delivered to viewers via apps screens large and small and media players of all kinds In this unfamiliar environment new global giants of television distribution are emerging including Netflix the world's largest subscription video on demand service Combining media industry analysis with cultural theory Ramon Lobato explores the political and policy tensions at the heart of the digital distribution revolution tracing their longer history through our evolving understanding of media globalization Netflix Nations considers the ways that subscription video on demand services but most of all Netflix have irrevocably changed the circulation of media content It tells the story of how a global video portal interacts with national audiences markets and institutions and what this means for how we understand global media in the internet age Netflix Nations addresses a fundamental tension in the digital media landscape the clash between the internet's capacity for global distribution and the territorial nature of media trade taste and regulation The book also explores the failures and frictions of video on demand as experienced by audiences The actual experience of using video platforms is full of subtle reminders of market boundaries and exclusions platforms are geo blocked for out of region users this video is not available in your region catalogs shrink and expand from country to country prices appear in different currencies and subtitles and captions are not available in local languages These conditions offer rich insight for understanding the actual geographies of digital media distribution Contrary to popular belief the story of Netflix is not just an American one From Argentina to Australia Netflix's ascension from a Silicon Valley start up to an international television service has transformed media consumption on a global scale Netflix Nations will help readers make sense of a complex ever shifting streaming media environment

Digital Media Distribution Paul McDonald, Courtney Brannon Donoghue, Timothy Havens, 2021-09-07 A deep dive into the new era of digital content production and distribution In the twenty first century the platforms that both create and host content have become nearly as important as media itself Companies such as Netflix Spotify and YouTube have attained a massive hold on the public imagination and have become an almost ineluctable part of people's everyday lives While the workings of media distribution had until very recently remained inconsequential to the average consumer the recent popularization of various online platforms has made the question of distribution immediate to everyone Digital Media Distribution Portals Platforms Pipelines provides a timely examination of the multifaceted distribution

landscape in a moment of transformation and conceptualizes media distribution as a complex site of power privilege and gatekeeping These tensions have local national and global consequences on the autonomy of creative workers as well as on how we gain access to engage with and understand cultural products Drawing on original research into distribution practices in industries as diverse as television film videogames literature and adult entertainment each chapter explores how digitization has changed media distribution and its broader economic industrial social and cultural implications Bringing together experts from around the world and across the media industries Digital Media Distribution Portals Platforms Pipelines presents a vast array of critical approaches and illustrative case studies for understanding the factors that have an impact on the way media travels and moves throughout our digital lives
