Price Management in Financial Services Georg Wuebker, Jens Baumgarten, Martin Koderisch, 2017-03-02 The financial services industry is undergoing a period of dramatic change. Deregulation has created an ultra-competitive marketplace and recent challenges like the worldwide subprime crisis, SEPA and Basel II have only intensified the need for financial services providers to shift their focus to customer-centric. Smart Profit Growth™ strategies. **Price Management in Financial Services** shows how to utilize the modern techniques of value-based pricing to design professional pricing processes that go beyond the industry's current norm of purely risk and cost-based pricing. The authors provide insight into strategic pricing concepts such as market segmentation, product bundling, multi-channel pricing and non-linear pricing and give an overview of advanced price optimization methods. The book serves as a step-by-step guide to long-term profitable growth through professional pricing by familiarizing the reader with the concepts of price response function management and price elasticity of demand. The book also includes a number of implementation strategies to incorporate Power Pricing into financial services institutions and includes a large number of Simon Kucher Partners international case studies that illustrate the enormous profit potential that lies in professional pricing.
