U.S. News & World Report ,2007 *Advances in Research on Illicit Networks* Martin Bouchard,2016-04-14 Social network analysis finally reached a critical mass of scholars in the field of criminology The proven track record of network theory and methods in fostering new advances in our understanding of crimes and criminals has extended the web of researchers willing to integrate this approach to their work It is more than just a fad once you adopt a network approach it almost inevitably becomes the main lens through which you see crime The insights learned from analysing matrices of relations among offenders from exploiting the interdependence among actors instead of finding ways to avoid it are simply too great to ignore This book provides a state of the art assessment into network research currently being conducted in criminology and beyond pushing the field further in multiple ways A series of contributions tackle themes and offending types that had yet to be previously empirically investigated including political conspiracies steroid distribution methamphetamine production illicit marketplaces on the Internet and small arms trafficking Advances are also found in the data sources used to extract illicit networks and the methods used to analyse them This book was originally published as a special issue of Global Crime

Crapitalism Jason Mattera,2015-07-14 New York Times bestselling author and ambush journalist Jason Mattera sets his sights on his next big target crony liberals including Al Gore Carlos Slim Harry Reid and Jay Z whose riches come at taxpayer expense From billionaire business tycoons like George Soros and Warren Buffett to movie industry moguls like Jeffrey Katzenberg and Stephen Spielberg American liberals are using government breaks and shortcuts to pervert the free market These rich bastards leverage crony connections to bag millions for phony green companies that go bust vacuum public coffers to build glitzy stadiums utilize little known tax loopholes to loot 1 5 billion for Hollywood movies and more They use government to rig the game in their favor and leave taxpayers holding the bill And when government gets in the business of picking winners and losers through bailouts and tax breaks free market competition begins to atrophy That s what big government leftists and corporate Republicans in name only want to happen In this explosive funny as hell investigative expos Mattera reveals the infuriating schemes that result when the filthy rich combine cronyism and capitalism Crapitalism pulls back the curtain on a cast of cronyites who make millions taking advantage of taxpayers and still brag about how they re looking out for the little guy

The New Technology Elite Vinnie Mirchandani,2012-02-28 How to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley Their SIC codes show retail automobile or banking But industry after industry is waking up to the opportunity of smart products and services for their increasingly tech savvy customers Traditionally technology buyers they are learning to embed technology in their products and become technology vendors In turn if you analyze Apple Google Amazon Facebook Twitter and eBay you marvel at their data centers retail stores application ecosystems global supply chains design shops They are considered consumer tech but have better technology at larger scale than most enterprises The old delineation of technology

buyer and vendor is obsolete There is a new definition for the technology elite and you find them across industries and geographies The 17 case studies and 4 guest columns spread through The New Technology Elite bring out the elite attributes in detail Every organization will increasingly be benchmarked against these elite and soon will be competing against them Contrasts the productivity that Apple Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to leverage what companies have learned from Google Apple Amazon com and Facebook to your company s advantage Designed for business practitioners CEOs CFOs CIOs technology vendors venture capitalists IT consultants marketing executives and policy makers Other titles by Vinnie Mirchandani The New Polymath Profiles in Compound Technology Innovations If you re looking to encourage technology innovation look no further The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies

Media in the Digital Age John V. Pavlik, 2008-05-12 Digital technologies have fundamentally altered the nature and function of media in our society reinventing age old practices of public communication and at times circumventing traditional media and challenging its privileged role as gatekeepers of news and entertainment Some critics believe these technologies keep the public involved in an informed discourse on matters of public importance but it isn't clear this is happening on a large scale Propaganda disguised as news is flourishing and though interaction with the digital domain teaches children valuable skills it can also expose them to grave risks John V Pavlik critically examines our current digital innovations blogs podcasting peer to peer file sharing on demand entertainment and the digitization of television radio and satellites and their positive and negative implications He focuses on present developments but he also peers into the future foreseeing a media landscape dominated by a highly fragmented though active audience intense media competition and scarce advertising dollars By embracing new technologies however Pavlik shows how professional journalism and media can hold on to their role as a vital information lifeline and continue to operate as the tool of a successful democracy
