The Dark Social Toija Cinque, Alexia Maddox, Robert W. Gehl, 2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses

of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner
