Connecting America Barry Leonard, 2010-11
Broadband is the great infrastructure challenge of the early 21st century
Broadband is a foundation for economic growth job creation global competitiveness and a better way of life
The number of Americans who have broadband at home has grown from 8 million in 2000 to nearly 200 million last year
But 100 million Americans do not have broadband at home
In early 2009 Congress directed the FCC to develop a National Broadband Plan to ensure that every American has access to broadband capability
This plan must also include a strategy for achieving affordability and maximizing use of broadband
The plan presented here ensures that the entire broadband ecosystem networks devices content and applications is healthy
