The Essential James Garner Stephen H. Ryan,Paul J. Ryan,2018-06-07 Since his television debut in the mid 1950s
James Garner entertained millions of fans on screens both big and small From supporting roles in memorable films like
Sayonara and The Notebook to leading roles in box office hits including The Great Escape Victor Victoria and the feature film
version of Maverick the actor appeared in some of the most entertaining movies of all time In The Essential James Garner

Stephen H Ryan and Paul J Ryan consider the prolific output of one of America's most beloved actors. This book looks at the key feature films made for television movies and television episodes of Garner's career. The authors discuss each of the actor's most well-known films: *The Great Escape*, *The Americanization of Emily*, *Support Your Local Sheriff*, and *Murphy's Romance*, among others, as well as critically acclaimed television movies including *Barbarians at the Gate*, *Breathing Lessons*, *Decoration Day*, *Heartsounds*, *My Name Is Bill W*, and *Promise Each*. Each entry provides details about the film's production, critical reception, and commercial success. The best episodes of Garner's two iconic television series, *Maverick* and *The Rockford Files*, as well as his highly regarded but little-seen series *Nichols*, are also identified. The authors make clear why these choices are indispensable viewings not only for those already familiar with Garner but also for those who have yet to enjoy the work of this Oscar nominee and multiple Emmy winner. A tribute to the career of a Hollywood legend, *The Essential James Garner* will appeal to anyone wanting to know more about the actor's best films and programs. Faith, Film and Philosophy R. Complete Rich Brownstein, 2021-09-17 Holocaust movies have become an important segment of world cinema, and the de facto Holocaust education for many. One quarter of all American-produced Holocaust-related feature films have won or been nominated for at least one Oscar. In fact, from 1945 through 1991, half of all American Holocaust features were nominated. Yet most Holocaust movies have fallen through the cracks, and few have been commercially successful. This book explores these trends and many others with a comprehensive guide to hundreds of films made for television movies. From *Anne Frank* to *Schindler's List* to *Jojo Rabbit*, more than 400 films are examined from a range of perspectives: historical, chronological,

thematic sociological geographical and individual The filmmakers are contextualized including Charlie Chaplin Sidney Lumet Steven Spielberg Quentin Tarantino and Roman Polanski Recommendations and reviews of the 50 best Holocaust films are included along with an educational guide a detailed listing of all films covered and a four part index glossary **Intelligent Systems and Machine Learning** Sachi Nandan Mohanty,Vicente Garcia Diaz,G. conducting research on film and television music Intended as a guide for scholars and researchers in navigating the complex world of film and television music this book provides a detailed taxonomy of film music primary sources and explains how to find and interpret them The authors tackle the problems of determining film score authorship and working with recordings of film music A bibliographic essay summarizes the major works and trends in film music research and provides clear pointers to the most important resources in the field An up to date guide to important collections of film music sources and other research materials is also included Designed to clarify the nature of film music source materials and how they are generated A Research Guide to Film and Television Music in the United States provides clear signposts for scholars and identifies opportunities for further research
