Hitchcock,2025-07-30 Ann Josephson is a twenty five year old sociopath whose compulsive kleptomania manifests itself in the most unlikely of places the community center where she works out every day The walls of the community center insulate her from the terrors of the outside world which include her freelance work as a graphic artist her socialite parents who pay the better part of her living expenses her therapist who devotedly punches the clock and the dark void of romantic relationships As Ann battles the inner demons that plague her millennial psyche she must also battle the fiends that plague her at the gym the loudly grunting beefcake who can't be bothered to drop his weights at a reasonable volume the naked old lady in the locker room using a towel as butt floss the housewife in yoga pants that obviate the need for yoga wheeling her double stroller up and down the indoor track Set in suburban Kansas City in the early 2010s Community Klepto a droll combination of Bridget Jones Diary and Choke makes incarnate the characters and shenanigans that go on in every gym in the world The Leadership Secret Chris Whipp,2012-12-27 The Leadership Secret is the result of over 20 years of studying leadership experiencing leadership and leading Using real life examples as well as meticulous research it takes the reader on a journey of self awareness and encourages them to experiment giving practical advice on how to apply the book's wisdom Throughout are anecdotes pertinent to the author's development and lessons learnt These stories also serve as metaphoric examples in order for the

reader to understand issues most suitable to them The use of language and structure is key to the book and the author has taken a major influence from his training as an NLP Master Practitioner and Trainer Though the book has a military slant due to the author's training and experiences it is accessible and relevant to anyone who finds themselves in a leadership role that is interested in developing their leadership skills not just business leaders Every parent uncle and aunt is a leader The features most likely to appeal to buyers are the real life examples The lessons taken from these examples lead to practical self application tools which maximise potential A number of inspirational quotes are included to help the reader to fully take on the message The book shows that leadership is simple and easy to apply bypassing the endless waffle on leadership and highlights what really matters It will appeal especially to those new to a position of responsibility who are looking for assistance and will also help when training management staff both in the private and public sector

Vue.js 2 and Bootstrap 4 Web Development Olga Filipova, 2017-09-29 Learn how to combine Bootstrap with Vue.js to build responsive web applications About This Book Build applications with a good architecture and clean UI with Vue.js and Bootstrap Understand Bootstrap components and learn to integrate them with the Vue.js structure Build, deploy and test your code with various utility tools provided by Vue.js Who This Book Is For This book is for JavaScript programmers who are new to web frameworks and want to start learning it by developing interactive and responsive web applications What You Will Learn Create and build web applications using Vue.js, Webpack and Nuxt.js Combine Bootstrap components with Vue.js power to enrich your web applications with reusable elements Connect the Vuex state management architecture to the Firebase cloud backend to persist and manage application data Explore the new grid system of Bootstrap 4 along with the far simpler directives in Vue.js Test Vue applications using Jest Authenticate your application using Bootstrap's forms, Vue.js reactivity and Firebase's authentication API Deploy your application using Firebase which provides Backend as a Service In Detail In this book we will build a full stack web application right from scratch up to its deployment We will start by building a small introduction application and then proceed to the creation of a fully functional dynamic responsive web application called ProFitOro In this application we will build a Pomodoro timer combined with office workouts Besides the Pomodoro timer and ProFitOro workouts will enable authentication and collaborative content management We will explore topics such as Vue reactive data binding, reusable components, routing and Vuex store along with its state actions, mutations and getters We will create Vue applications using both Webpack and Nuxt.js templates while exploring cool, hot Nuxt.js features such as code splitting and server side rendering We will use Jest to test this application and we will even revive some trigonometry from our secondary school While developing the app you will go through the new grid system of Bootstrap 4 along with Vue.js directives We will connect Vuex store to the Firebase real time database, data storage and authentication APIs and use this data later inside the application's reactive components Finally we will quickly deploy our application using the Firebase hosting mechanism
