Martin, Jr.,2025-04-22 The convergence of the politics of representation and Black fan cultures Boldly going where few fandom

scholars have gone before Fandom for Us by Us breaks from our focus on white fandom to center Black fandoms Alfred L Martin Jr engages these fandoms through what he calls the four C s class clout canon and comfort Class is a key component of how Black fandom is contingent on distinctions between white nationally recognized cultural productions and multicultural and or regional cultural productions as demonstrated by Misty Copeland s ascension in American Ballet Theatre Clout refers to Black fans realization of their own consumer spending power as an agent for industrial change reducing the precarity of Blackness within historically white cultural apparatuses and facilitating the production of Black blockbusters like 2018 s Black Panther Canon entails a communal fannish practice of sharing media objects like the 1978 film The Wiz which lead them to take on meanings outside of their original context Comfort describes the nostalgic and sentimental affects associated with beloved fan objects such as the television show Golden Girls connected to notions of Black joy and signaling moments wherein Black people can just be themselves Through 75 in depth interviews with Black fans Fandom for Us by Us argues not only for the importance of studying Black fandoms but also demonstrates their complexities by both coupling and decoupling Black reception practices from the politics of representation Martin highlights the nuanced ways Black fans interact with media representations suggesting class clout canon and comfort are universal to the study of all fandoms Yet for all the ways these fandoms are similar and reciprocal Black fandoms are also their own set of practices demanding their own study

Forever 1980s Teenager: Family, Friends, Music and Memories Paul Tannahill, 2025-06-30 To be a teenager in the 1980s What a great time it was The 80s Metal bands the shopping malls the arcades video stores and even the big hair The 1980s were big over the top and glorious And then one day we realized that it was all gone As a teenager I gave little thought as to what the future could be like I had no reason to believe that many of the places and pastimes of my youth would become almost obsolete In my young mind life as an adult would continue on with little change to the places and life that I so enjoyed But I was wrong Progress moving forward advancing whatever one wishes to call it the 1980s did not just disappear as a group of numbers The places and activities which they encompassed also began to fall into the abyss of time But time brings other changes to our lives as well Such as the loss of loved ones As we get older we learn what time is capable of taking from us The places and people of our youth who were once filled with love and life succumb to the grip of time But what it cannot take away from us is the incredible memories friendships and family love that become engraved in our minds and hearts with a crystal purity that time will never be able to rob from us This is my story of how time moves forward leaving only memories in its wake But this is also my story of what it was like to be a teenager in the 1980s Stories of activities and culture that many youth today may find difficult to believe really happened What was it like to be a mall rat What was it like to see video stores on every corner What was it like to go out and purchase a physical vinyl record instead of downloading one Come back in time with me and reminisce about the life of a teenager in the 1980s and how the future decades came to change so much of what was once an easier time The Screen Chills Companion, 1931-1939 Chris Fellner, 2025-05-02 This first volume of a

Disney Neil O'Brien,2025-03-04 The untold succession struggle at Walt Disney Productions following the death of its founder
 and the generational transformation which led to the birth of the modern multibillion dollar animation industry Walt Disney
 left behind big dreams when he died in 1966 Perhaps none was greater than the hope that his son in law Ron Miller would
 someday run his studio Under Miller s leadership Disney expanded into new frontiers global theme parks computer
 animation cable television home video and video games Despite these innovations Ron struggled to expand the Disney brand
 beyond its midcentury image of wholesome family entertainment even as times and tastes evolved Tensions between Miller
 and Walt s nephew Roy E Disney threatened to destroy the company leading Wall Street Gordon Gekko types to come after
 Mickey Mouse At the same time the aging Animation Department once the core of Walt s business was one memo away from
 shutting down forever Rather thanks to the radical efforts of Walt s veterans to recruit and nurture young talent it was
 revived by this sudden influx of artists who would go on to revolutionize the film industry Additionally this new generation
 would prove over time that animation was so much more than just kids stuff it was a multibillion dollar industry This is the
 upstairs downstairs story of the executives and animators who clashed and collaborated to keep America s most storied
 company alive during the most uncertain period in its one hundred year history Alchemy of Secrets Stephanie
 Garber,2025-10-07 The HOTLY ANTICIPATED adult debut novel by the beloved 1 NEW YORK TIMES BESTSELLING author
 of the Caraval and Once Upon a Broken Heart series a contemporary fantasy kicking off a brand new series It starts with a
 class in an old movie theater Folklore 517 Local Legends and Urban Myths taught by a woman called the Professor Most

students believe the Professor's stories are just fiction but Holland St James has always been convinced that magic is real. When she tracks down a local legend named the Watch Man who can supposedly tell you when you'll die, the world finally makes sense. Except that the Watch Man tells her she will die at midnight tomorrow unless she finds an ancient object called the Alchemical Heart. With the clock ticking, Holland is pulled deeper into this magical world in the heart of Los Angeles and into the path of a magnetic stranger. Everything about him feels like a bad idea but he promises Holland that her sister sent him to protect her. As they chase clues and stories that take them closer to the Alchemical Heart, Holland realizes everyone in this intoxicating new world is lying to her, even this stranger. And if she can't figure out whom to trust, not even the Alchemical Heart will save her.
