Higher Education in the United States [2 volumes] James J. F. Forest, Kevin Kinser, 2002 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the

number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis More than 200 entries from more than 150 higher education scholars and experts around the country An extensive bibliography to guide further study including research studies and websites An annotated chronology of important events in higher education from 1940 to the present Detailed reviews of 42 important books on higher education arranged chronologically [College Education Version 2.0](#) Lisa Guernsey,1998-06 College edu leads users to the most reliable useful and up to date Internet sites on college financial aid and admission **The Wall Street Journal** ,2009 **Educational Rankings Annual 2006** Westney,Lynn C. Hattendorf Westney,2005-09 Educational Rankings Annual is useful for students parents and school faculty Also administrators of libraries and educational institutions use rankings to defend budgets justify new positions obtain government funding and attract philanthropic support The annually updated resource presents more than 4 000 national regional and international lists and rankings compiled from hundreds of respected sources The entries in Rankings include a description of the ranking background information on criteria for establishing the hierarchy additional remarks about the ranking the complete or partial if extensive ranking and source citations if necessary
