Chokepoint Capitalism Rebecca Giblin, Cory Doctorow, 2022-09-27 A call to action for the creative class and labor movement to rally against the power of Big Tech and Big Media Corporate concentration has breached the stratosphere as have corporate profits An ever expanding constellation of industries are now monopolies where sellers have excessive power over buyers or monopsonies where buyers hold the whip hand over sellers or both In Chokepoint Capitalism scholar Rebecca Giblin and writer and activist Cory Doctorow argue we're in a new era of chokepoint capitalism with exploitative businesses creating insurmountable barriers to competition that enable them to capture value that should rightfully go to others All workers are weakened by this but the problem is especially well illustrated by the plight of creative workers From Amazon's use of digital rights management and bundling to radically change the economics of book publishing to Google and Facebook's siphoning away of ad revenues from news media and the Big Three record labels use of inordinately long contracts to up their own margins at the cost of artists chokepoints are everywhere By analyzing book publishing and news live music and music streaming screenwriting radio and more Giblin and Doctorow deftly show how powerful corporations construct anti competitive flywheels designed to lock in users and suppliers make their markets hostile to new entrants and then force workers and suppliers to accept unfairly low

prices In the book's second half Giblin and Doctorow then explain how to batter through those chokepoints with tools ranging from transparency rights to collective action and ownership radical interoperability contract terminations job guarantees and minimum wages for creative work Chokepoint Capitalism is a call to workers of all sectors to unite to help smash these chokepoints and take back the power and profit that's being heisted away before it's too late [Artist Management for the Music Business](#) Paul Allen, 2022-03-20 Anyone managing an artist's career needs to be well versed and have a savvy understanding of the moving parts of the music business Learn how and why those moving parts move as well as how to manage and navigate a music based career Artist Management for the Music Business gives a comprehensive view of how to generate income through music and how to strategically plan for future growth The book is full of valuable practical insights It includes interviews and case studies with examples of real world management issues and outcomes Updates to this new edition include a new chapter for independent self managing artists expanded and updated sections on networking social media and streaming and a basic introduction to data analytics for the music business This book gives access to resources about artist management and the music business at its companion website www.artistmanagementonline.com **Social Media For Musicians: Music Business** Thomas Ferriere, 2020-09-22 WHAT IS THE BEST WAY TO FAST TRACK YOUR SUCCESS AND EXPLODE IN THE MUSIC BUSINESS Updated Version February 26 2025 As a musician promoting yourself online can be a real challenge taking away valuable time that you could be spending on creating new material Fortunately social media for musicians can be a powerful tool to increase your exposure build a following and connect with a global audience In Social Media for Musicians we dive deep into the best ways to leverage social media as a musician Delving deep into strategies for fan engagement contests promotions and more this book provides a comprehensive guide to take your music to the next level One of the key technologies that we explore in this book is cutting edge AI technology like ChatGPT With ChatGPT the perfect tool for streamlining the content creation process and freeing up valuable time you can create personalized and engaging content for your followers while staying focused on creating great music We cover the latest tools and technologies available to you providing actionable steps to grow your following boost engagement with your fans and make sure that your music reaches the right people at the right time Whether you're a seasoned pro or a new musician starting out Social Media for Musicians provides the tools you'll need to succeed With social media you can reach audiences worldwide and take your music to places you never thought possible With the power of social media and ChatGPT you can streamline the content creation process and focus on what you do best making great music The difference between success and failure in the music industry can often come down to your ability to promote yourself effectively With this book as your guide you'll have all the tools and knowledge you need to advance your career If you're a musician looking to propel your career forward then Social Media for Musicians is the book for you With actionable advice and practical tips you'll be able to leverage the power of social media and ChatGPT to take your music to the next level Join us on this journey to unlock the true

Creativity Complex Shannon Steen, 2023-07-12 Creativity is a word that excites and dazzles us. It promises brilliance and achievement, a shield against conformity, a channel for innovation across the arts, sciences, technology, and education, and a mechanism for economic revival and personal success. But it has not always evoked these ideas. The Creativity Complex traces the history of how creativity has come to mean the things it now does and explores the ethical implications of how we use this term today, for both the arts and for the social world more broadly. Richly researched, the book explores how creativity has been invoked in arenas as varied as Enlightenment debates over the nature of cognition, Victorian era intelligence research, the Cold War, technology, race, contemporary K-12 education, and even modern electoral politics. Ultimately, The Creativity Complex asks how our ideas about creativity are bound up with those of self-fulfillment, responsibility, and the individual, and how these might seduce us into joining a worldview and even a set of social imperatives that we might otherwise find troubling.

The Digital-First Customer Experience Joe Wheeler, 2023-07-03 The definitive guide to designing digital first experiences customers love. In his third book on the topic of customer experience, bestselling author and consultant Joe Wheeler tackles the challenges many organizations are facing as they attempt to design compelling experiences in a digital first world. It features case studies of leading brands including Lemonade, Spotify, CEMEX, VMware, Starbucks, NIKE, and Amazon. Part One introduces the new 3 Cs: key trends associated with technology convergence, competition, and culture change in a post-pandemic world. Part Two takes a deep dive into seven design strategies, from designing emotional peaks across channels to empowering customers through immersive experiences that merge physical and digital assets. Part Three provides a playbook for how to design digital first experiences, including how to solve the right problems, develop a measurable business case, design digital first experiences customers love, and execute the new design at scale.
