Die digitale Zukunft des stationären Handels Andreas Haderlein, 2012-09-07 E Commerce boomt Wird es deshalb ein Artensterben im stationären Handel geben Die Antwort ist genauso einfach wie schmerzhaft Ja Denn L den zum Anfassen können bald ihre Türen schließen falls sie sich nicht auf eine mit Smartphone bewaffnete Kundschaft sowie neue Ansätze im Handelsmarketing einstellen Multi Channel

Strategien gehen ebenso dazu wie eine zeitgemäße Positionierung als Arbeitgeber. Doch dieses Buch des Innovationsberaters Andreas Haderlein ist kein Abgesang auf Brick Mortar auf den handfesten Verkaufsort in der Fußgängerzone. Vielmehr liefert der Autor stationären Händlern, Shop-Betreibern und Dienstleistern wichtige Impulse und erfrischende Ideen, sich erfolgreich am Markt zu behaupten und Alleinstellungsmerkmale auszubauen.

Service Science Robin G. Qiu, 2014-07-28

Features coverage of the service systems lifecycle including service marketing, engineering, delivery, quality control, management and sustainment. Featuring an innovative and holistic approach, *Service Science: The Foundations of Service Engineering and Management* provides a new perspective of service research and practice. The book presents a practical approach to the service systems lifecycle framework which aids in understanding and capturing market trends, analyzing the design and engineering of service products and delivery networks, executing service operations and controlling and managing the service lifecycles for competitive advantage. Utilizing a combined theoretical and practical approach to discuss service science, *Service Science: The Foundations of Service Engineering and Management* features case studies to illustrate how the presented theories and design principles are applied in practice to the definitions of fundamental service laws including service interaction and socio-technical natures, computational thinking and system modeling such as abstraction, digitalization, holistic perspectives and analytics. Plentiful examples of service organizations such as education services, global project management networks and express delivery services. An interdisciplinary emphasis that includes integrated approaches from the fields of mathematics, engineering, industrial engineering, business operations, research and management science. A detailed analysis of the key concepts and body of knowledge for readers to master the foundations of service management. *Service Science: The Foundations of Service Engineering and Management* is an ideal reference for practitioners in the contemporary service engineering and management field as well as researchers in applied mathematics, statistics, business management, science, operations research, industrial engineering and economics. The book is also appropriate as a text for upper undergraduate and graduate level courses in industrial engineering, operations research and management science as well as MBA students studying service management.

Gamechangers Peter Fisk, 2015-01-27

Shake up and redefine the market by changing your game. A new generation of businesses is rising out of the maelstrom of economic and technological change across our world. These companies are shaking up the world. In *Gamechangers*, Peter Fisk has sought out the brands and businesses large and small from every continent who are changing the game and shows how we can learn the best new approaches to strategy and leadership, innovation and marketing from them. *Gamechangers* are disruptive and innovative; they are more ambitious with stretching vision and enlightened purpose. They find their own space, then shape it in their own vision. Most of all, they have great ideas. They outthink their competition, thinking bigger and different. They don't believe in being slightly cheaper or slightly better. Why be 10% better when you could be 10 times better? *Gamechangers* is built around 10 themes that are shaping the future of business, brought to life with 100 case studies from

across the world and 16 practical canvases to make the best ideas happen in your business The book is supported by a range of seminars workshops and digital resources Gamechangers offers guidance on Thinking smarter and acting faster Embracing the new tricks of business Understanding how gamechangers dream and disrupt Delivering practical results and winning

Brain Gain Marc Prensky, 2012-08-07 In an age where the answer to every question is at your fingertips where does the human brain fit in In one hand held object we are able to manage all of our calendars documents and interpersonal relationships with such ease that many people are lost when forced to do perform these tasks without the aid of electronics Often heard are the calls for less technology and more face to face interaction for fear that the use of all this artificial intelligence is dampening our own ability to think Author Marc Prensky has a different idea In this controversial and well argued treatise Prensky offers the idea that rather than stunting the mind that most essential aspect of an individual s intelligence and sense of self smart technology and smart use of technology enhances our humanity in ways that the brain on its own never could Through scores of fascinating examples Prensky shows that the symbiotic combination of the human brain and technology from marrying the brain s strengths such as sense making and complex reasoning abilities with technology s strengths like storing and processing large amounts of data has great benefits for our own cognitive functioning How should we best combine the strengths of mind and machine for maximum benefit Prensky s call is for digital wisdom a new interconnectedness between human and technology that is already enabling Homo Sapiens to begin the journey into the next stages of cognitive evolution
