Kasper Wise has a goal of running the 1600 meters in the low four twenties to gain an athletic college scholarship that will pay for his college, but he attends a small country school with his two brothers and cousin that has no history of developing outstanding distance runners. Then Kasper finds he can gain admittance to a major university if he can excel on a physics examination the school offers. He devotes much of his time studying for this very difficult test and then he must push his body to its physical limits in running everyday. Examining their training regimen and methods to solve physics problems gets detailed attention. The community confronted by some adverse activities and a stalker following the team's one girl distance runner leads Kasper into situations that threatens and interferes with his running and studies. Kasper must use his knowledge of the German language to confront a situation and brute intelligence to solve a coded message for an English assignment. Kasper is constantly being pushed to his limits to complete his goals and juggle his limited resources available. — **USA Today Index**, 1996

All In Billie Jean King, Johnette Howard, Maryanne Vollers, 2021-08-17 NEW YORK TIMES BEST SELLER An inspiring and intimate self portrait of the champion of equality that encompasses her brilliant tennis career, unwavering activism and an ongoing commitment to fairness and social justice. A story about the personal strength, immense growth and undeniable greatness of one woman who fearlessly stood up to a culture trying to break her down. Serena Williams. In this spirited account, Billie Jean King details her life's journey to find her true self. She recounts her groundbreaking tennis career: six years as the top ranked woman in the world, twenty Wimbledon championships, thirty nine grand slam titles and her watershed defeat of Bobby Riggs in the famous Battle of the Sexes. She poignantly recalls the cultural backdrop of those years and the profound impact on her worldview from the women's movement, the assassinations and anti war protests of the 1960s, the civil rights movement and eventually the LGBTQ rights movement. She describes the myriad challenges she's hurdled: entrenched sexism, an eating disorder, near financial peril after being outed on her path to publicly and unequivocally acknowledging her sexual identity at the age of fifty one. She talks about how her life today remains one of indefatigable service. She offers insights and advice on leadership, business, activism, sports, politics, marriage, equality, parenting, sexuality and love. And she shows how living honestly and openly has had a transformative effect on her relationships and happiness. Hers is the story of a pathbreaking feminist, a world class athlete and an indomitable spirit whose impact has transcended even her spectacular achievements in sports. — Wrestling with Faith, Love, and Gators Chad Young, 2016-02-09 We hear people say we should love God with all our hearts, souls and minds.
